ABOUT CONSTRUCTION

August 2008 – Summer 2009

This project will reconstruct Franklin Boulevard Interchange Bridge in Nampa to allow I-84 expansion.

Summer 2008

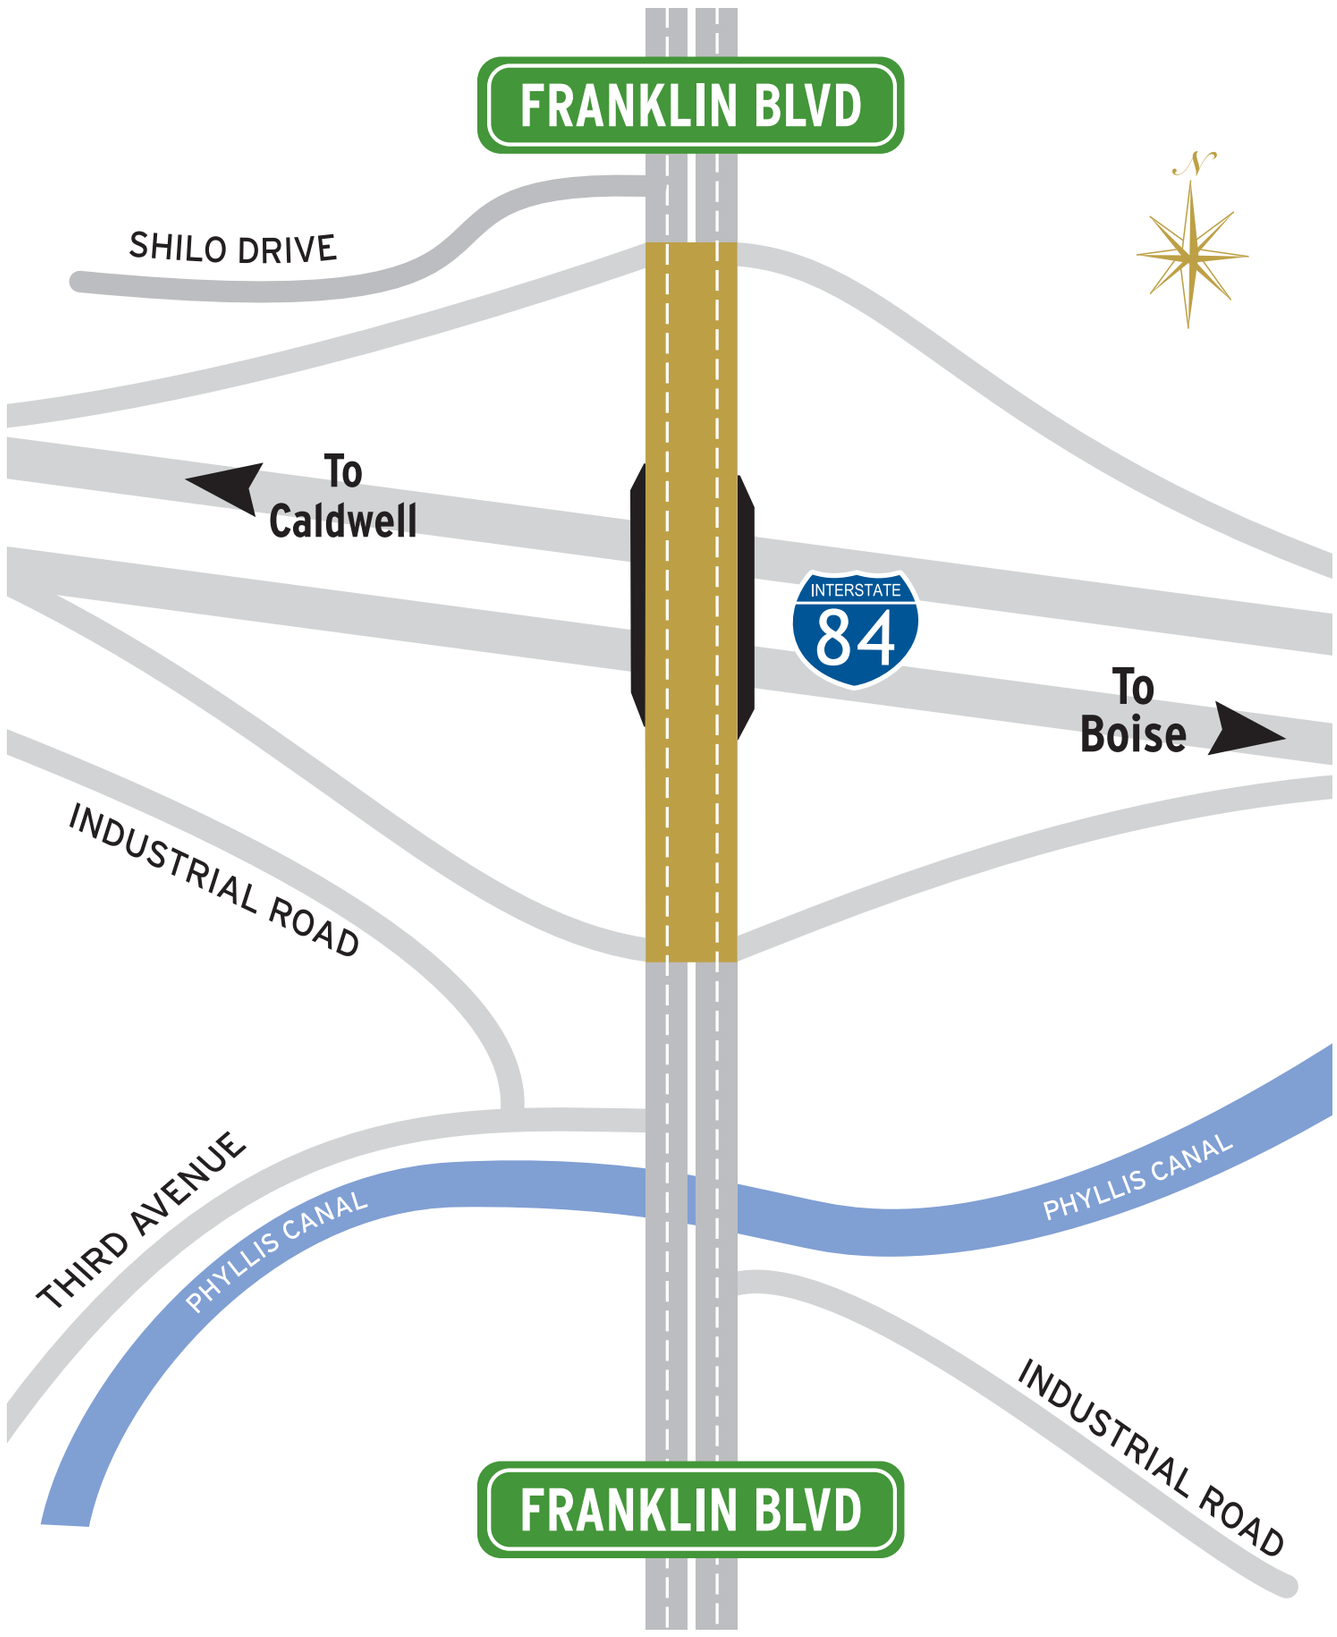
- Remove east half of bridge (built in 1965).

Fall 2008 – Spring 2009

- Construct new bridge to match west half (built in 1999) to form a bridge that allows I-84 widening.

Spring – Summer 2009

- Construct new pavement, sidewalk, curb, gutter and guardrail on east half of bridge.
- Complete west half of bridge to match new east half, including new pavement, guardrail and sidewalk.



Watch for more information including traffic impacts through your local media or visit the project Web site at itd.idaho.gov. Click on *Projects, Southwest Idaho,* then *I-84, Franklin Blvd. Bridge*.
