This form is required when no actual distance was traveled in a requested jurisdiction by any vehicle in the fleet during the Reporting Period of July 1 through June 30 of the year immediately preceding the beginning of the registration year for which apportioned registration is sought. If the Registration year begins on any date in July, August or September, the Reporting Period shall be the previous such twelve-month period.

Account Number	Fleet Number	Supplement Number	Registration Year

Method 1 - Anticipated Route of Travel. Indicate the jurisdiction to be estimated, the entry location, the exit or destination, and the distance between those locations. Multiply the distance by the number of anticipated trips to arrive at the Total Distance. Multiply the Total Distance by the number of vehicles to be registered to arrive at the Total Estimate. Transfer the Total Estimate to the Mileage Schedule B form for that jurisdiction. This form may be copied if additional space is needed. If the information provided in Method 1 is incomplete or unreasonable, the estimate(s) will be change to the Method 2 distance(s).

Jurisdiction	Entry Location	Exit or Destination	Distance		Number of Trips		Total Distance		Number of Vehicles		Total Estimate
				X		=		X		=	
				X		=		X		=	
				X		=		X		=	
				X		=		X		=	

Method 2 - Unknown Route of Travel. Multiply the distance by the number of vehicles to be registered. Transfer the total to the Mileage Schedule B for that jurisdiction. Method 2 distance is based on actual distance reported by registrants in the 2008 registration year, divided by the number of vehicles registered for those jurisdictions.

1. The percentage factor will be calculated as a second-year estimate for any estimated jurisdiction that was previously registered in this fleet.
2. All actual distances are subject to audit. If actual distance is found during the Reporting Period for an estimated jurisdiction, fees will be reassessed.
3. Actual distance must be accrued in the reporting period by each vehicle in the fleet in two or more registered jurisdictions and at least one vehicle in the fleet must accrue actual distance in Idaho.
4. No vehicle registered or to be registered in this fleet accrued distance in the estimated jurisdiction during the Reporting Period, regardless of the base jurisdiction or account, unless under prior ownership.

By signing and submitting this form, the Registrant/Applicant has been informed of the estimated distance requirements under the International Registration Plan.
