

## **Edition Changes – JULY 2009**

**Section 151.05.03** All brackets, brace angles, clips, bolts, and other hardware needed to mount the sign face on the posts shall be included in the cost of the bid item "Breakaway Sign Post Installation Type\_\_\_\_" for Type A posts and included in the bid item for Type D wood posts.

**Removed brackets and brace angles from the above paragraph to match pay items in ITD Construction Specification manual, section 616.05, Basis of Payment.**

**Section 151.08** Requests and Appeals – Update section to clarify the roles of the DTE and HOSE in regard to the processing of sign requests and appeals of denied sign requests.

**FIGURE 165.04-01** Correct Missing lines on chart. Correct alignment of sign sizes.

**Section 172.03** Replace Section for Signs Mounted on Drums in Work Zones with Motorcycle Warning Signs -- The sign size was changed from 54x24 to 48 x24. Additionally clarification was made in regard to the signs use as a supplemental sign to clarify that the sign is to be placed under an advance warning sign that states the specific condition which would require a motorcyclist to use a degree of caution above and beyond that which a driver of a four (4) wheel vehicle would use.

**Section 172.04** Moved Signs Mounted On Drums in Work Zones into new section 172.04.

**FIGURE 176.02-01** Add new cities to the State Highway System Control Cities. Caldwell, Nampa, Mt. Home, Burley and Blackfoot added.

**FIGURE 176.02-02** Add new cities to the Interstate Control Cities. Caldwell, Nampa, Mt. Home, Burley and Blackfoot added.

**FIGURE 202.05-02A** Delete Figure for Painted Pavement Markings At High Volume Signalized Intersections w/ 2'-4' Painted Median

**Section 202.09** Revised verbiage in section to clarify the intent of the figures 202.09-01, 202.09-02 and 202.09-03

**FIGURE 202.09-01** Revise Figure name from "Left Turn Bay and Tapered Roadway Sections" to read "Left Turn Lane – Full Offset"  
Revise figure to drop reverse curve markings in the turn bay and to revise calculation formulas for Taper, Storage and Decel lengths.

**FIGURE 202.09-02** Add new figure, 202.09-02, Left Turn Lane - Split Offset

**FIGURE 202.09-03** Add new figure, 202.09-03, Right Turn Lane
