PRESENTATION TITLE: Warm Mix Asphalt

SPEAKERS: Mathew Corrigan, PE, FHWA - Office of Pavement Technology, Washington DC

DESCRIPTION: Warm mix asphalt (WMA) is rapidly advancing toward becoming standard practice. In 2004, demonstration projects started modestly with only a couple hundred tons of production; in 2008 projects grew to hundreds of thousands or tons. How do we implement the technology effectively and ensure long term performance? This presentation will discuss the cooperative WMA implementation and research activities pursued by the highway industry, how WMA specifications will differ from those for hot mix, and how WMA will influence you.

<u>NAME:</u>	<u>ORGANIZATION:</u>
1. CHAD CLAWSON	ITD D2 PO Box 837 208 799 5090 LEWISTON ID 83501
2. Lynn White	ITD, D4 216 S. Dale, Shoshone, ID
3. Jeff Miles	ITD HQ MATERIALS
4. Mike Santi	" " "
5. Muhammad Zubery	" " "
6. STEELE, PAUL W	ITD D6
7. Dale Osterman	Terracon 11849 W. Executive Dr. Ste G. Boise
8. Chad Hamel	ITD - GARVEE
9. Ned Parry	ITD - Research
