---

Dear Volunteer,

Thank you for your interest in Idaho's Adopt A Highway Program. Through Adopt A Highway, volunteers have the opportunity to support the Idaho Transportation Department's (ITD) anti-litter commitment by adopting sections of state highway right of way and keeping them litter free.

Information about the program is available by referring to the FAQ link from the menu on the Adopt A Highway home page and the Adopt A Highway Information/Application Packet (pdf) link on the Adopt A Highway homepage located at:

<http://itd.idaho.gov/highways/ops/maintenance/Volunteer/adopt/adopt.htm>

The Adopt A Highway Information/Application Packet contains:

- ❖ ITD 2869 Adopt A Highway Program Application
- ❖ ITD 2868 Adopt A Highway Program Agreement Terms and Conditions
- ❖ ITD 2871 Volunteer Release of Liability, for participants under age 18
- ❖ ITD 2870 Volunteer Release of Liability, for participants 18 and over
- ❖ ITD 2880 Adopt A Highway Volunteer Group Information
- ❖ A question/answer reference guide

District Adopt A Highway Contact Information. Contact information is included for each of ITD's six districts; please refer to the district information in the area where the section you are interested in adopting is located.

Three safety guides: Bag It, Move It or Leave It, Guidelines for Litter Pickup and Traffic Control and Safety Tips. These three guides are utilized by the volunteer group contact to conduct a group safety meeting before any litter pickups are completed, as new members participate in the program and then on an annual basis for all group members.

If after reviewing this material, your group decides to apply for an available section, please complete the application and agreement forms and mail them to the District Adopt A Highway Coordinator where the section you are interested in adopting is located:

# Idaho Adopt-A-Highway Program Agreement Terms And Conditions

ITD 2868 (Rev. 08-12)  
itd.idaho.gov

The Idaho Transportation Department, hereinafter called ITD, and \_\_\_\_\_, hereinafter called the Volunteer Group, recognize the need and the desirability of litter-free highways and are entering into this Adoption Agreement, hereinafter called the Agreement.

By signing below, the Volunteer Group, both jointly and severally, acknowledges the hazardous nature of the work and agrees, both jointly and severally, to the following terms and conditions:

- The Volunteer Group contact serves as spokesperson for the Volunteer Group and is the Volunteer Group's contact with ITD. Any change in contact information shall be provided to the District Adopt-A-Highway Coordinator and ITD's Volunteer Services Coordinator.
- The Volunteer Group alternate contact serves as spokesperson for the Volunteer Group when ITD is unable to locate the Volunteer Group contact.
- Individual/family volunteer groups will provide the name, daytime telephone number, cell phone number, email address, and mailing address of the group's contact. In addition to contact information, all employee, civic/fraternal, law enforcement, and miscellaneous volunteer groups will provide alternate contact information. Applications received without this information will not be approved and will be returned to the applicant. Schools or school affiliated organizations must provide a school faculty member as contact or alternate contact. Applications received from organizations, schools, or school affiliated organizations without this information will not be approved and will be returned to the applicant.
- Participants of the Volunteer Group agree to obey and abide by all laws and regulations relating to safety, and such terms and conditions as may be required by the District Engineer for special conditions on a particular adopted section.
- Before participating in the program, every volunteer shall be required to review three safety handouts: *Guidelines for Litter Pickup/Traffic Control Plan for Volunteer Group Litter Pickup*; *Safety Tips*; and *Bag It, Move It or Leave It?*; which are provided in the Adopt-A-Highway Information/Application Packet. Every Volunteer Group shall conduct at least one safety meeting per year.
- While participating in litter pickup every participant shall wear a reflective safety vest provided by ITD.
- Every Volunteer Group shall inform all participants of the possible presence of dust, exhaust fumes, plant pollens, sprays, etc. Any participant who may have allergic reactions to any of these conditions should be advised to refrain from participating in the litter cleanups.
- Participants shall not pick up syringes, needles, possible drug paraphernalia, dead animals, and materials that appear to be toxic, hazardous, or contaminated with blood or urine. The Volunteer Group contact shall notify ITD of the location of these types of items.
- Each Volunteer Group shall be responsible for maintaining a first-aid kit and providing adequate drinking water while participating in litter pickup.

- ROADSIDE LITTER PICKUP traffic control signs (48" x 48" roll-up) shall be obtained from ITD (except in adopted segment areas having drop-down traffic control signs), properly set up by the Volunteer Group prior to beginning the cleanup, and returned to ITD within one week after the cleanup has been completed.
- Unused supplies furnished by ITD shall be returned to ITD within one week following each cleanup. At the discretion of the District Engineer, safety vests and trash bags may be checked out to the Volunteer Group for longer periods of time.
- The Volunteer Group shall be responsible for placing litter in trash bags furnished by ITD. Trash bags shall not be overfilled and shall be tied. Trash bags shall be placed on the roadway shoulder and behind guardrail, when present. Trash bags shall not be placed on or under bridges. Where possible, trash bags shall be grouped in areas with good sight distance and roadway shoulder sufficient for safe pick up by ITD.
- Persons or Volunteer Groups shall not be denied the opportunity to participate in this program because of their race, religion, color, age, sex, or national origin.
- Volunteer Groups that promote racial intolerance or harassment are not eligible to participate in this program.
- Each Volunteer Group shall be responsible for prohibiting participants from either possessing or consuming alcoholic beverages or illegal drugs while on the adopted section.
- When participants are younger than 18 years of age, the Volunteer Group shall furnish supervision by a minimum of one adult for every 10 participants.
- Volunteer Group members shall be required to sign the release form ITD 2870, Volunteer Release of Liability. Participants younger than 18 years of age must have their release form ITD 2871, Volunteer Release of Liability for Participants Under Age 18, signed by a parent or guardian before participating in the Adopt-A-Highway Program.
- The Volunteer Group shall pick up litter a minimum of two times a year, or more frequently if needed. Volunteer Groups will complete an ITD 2774, Adopt-a-Highway Cleanup Report for each pickup and send the card to ITD's Volunteer Services Coordinator.
- Volunteer Groups shall adopt a section of roadway that is 2 miles long, when possible. Shorter sections may be adopted when conditions prohibit adopting 2 miles.
- Volunteer Groups shall be required to adopt a section for two years.
- Every Volunteer Group shall have the option of renewing the Agreement subject to the approval of the District Engineer, the Volunteer Services Coordinator, and continuation of the Adopt-A-Highway Program by ITD.

ITD agrees to accomplish the following:

- ITD shall erect an Adopt-A-Highway sign at each end of the adopted section or contiguous sections. The signs will display the Volunteer Group's name or acronym as approved by ITD.

- ITD shall provide safety vests, trash bags, traffic control signs, and safety literature for the use of Volunteer Groups.
- To the extent possible, ITD shall remove the filled trash bags from the roadsides the first ITD workday following the Volunteer Group's pickup.

Additional terms and conditions:

---

---

---

The Volunteer Group acknowledges and agrees that if any actions by the Volunteer Group relative to the performance of this Agreement are determined to be contrary to any legislative restrictions or any restrictions on the use of appropriated funds for political activities or ITD policy, rules, or procedures, ITD shall have the right to take any and all necessary remedial actions, including, but not limited to, the removal of the Adopt-A-Highway signs displaying the Volunteer Group's name or acronym.

If, in the sole judgment of ITD, it is found that the adopting Volunteer Group is not meeting the terms and conditions of this Agreement, upon 30 days' notice ITD may terminate the Agreement and remove the Adopt-A-Highway signs. This Agreement may be modified in scope or altered in any other manner at the sole discretion of ITD. ITD reserves the right to modify or cancel the Adopt-A-Highway Program at any time and for any reason at the sole discretion of ITD.

ITD and the Volunteer Group both recognize and agree that in no event shall ITD have the right to control the Volunteer Group in performing the actual details of picking up litter from the section of roadway adopted by the Volunteer Group and, in picking up litter, the Volunteer Group shall act as an independent contractor.

ITD recognizes \_\_\_\_\_  
(Volunteer Group Name)

as the adopting Volunteer Group for the following roadway section:

---

---

---

The Volunteer Group accepts the responsibility of picking up litter on this section of highway at least two times per year and promoting a litter-free environment in the community for a period beginning

# TRAFFIC CONTROL PLAN FOR VOLUNTEER GROUP LITTER PICKUP

FIGURE 1

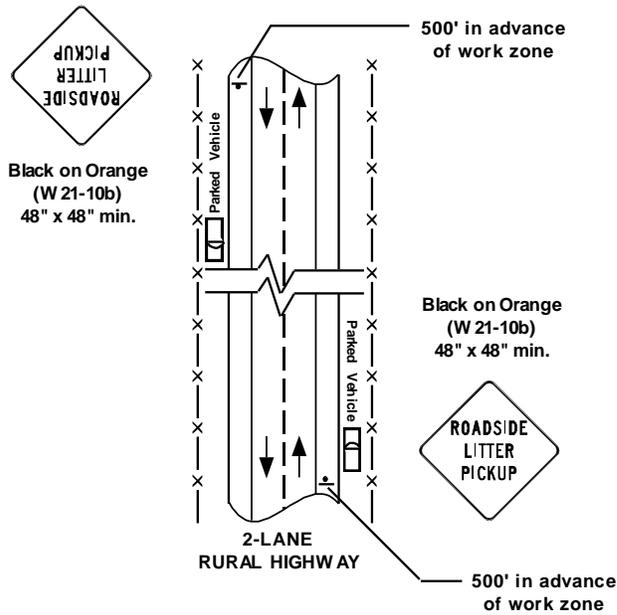

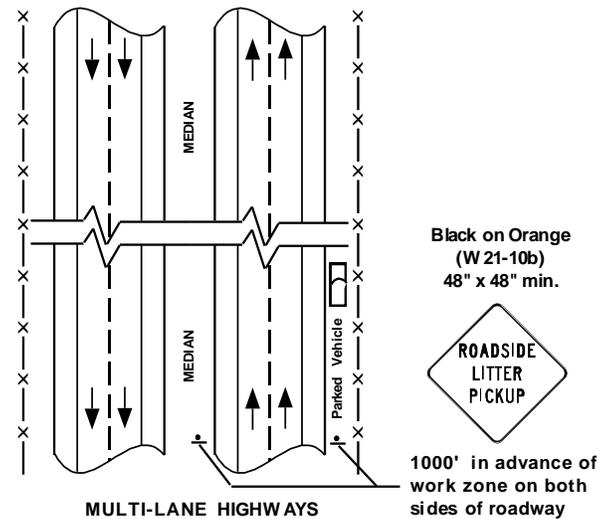

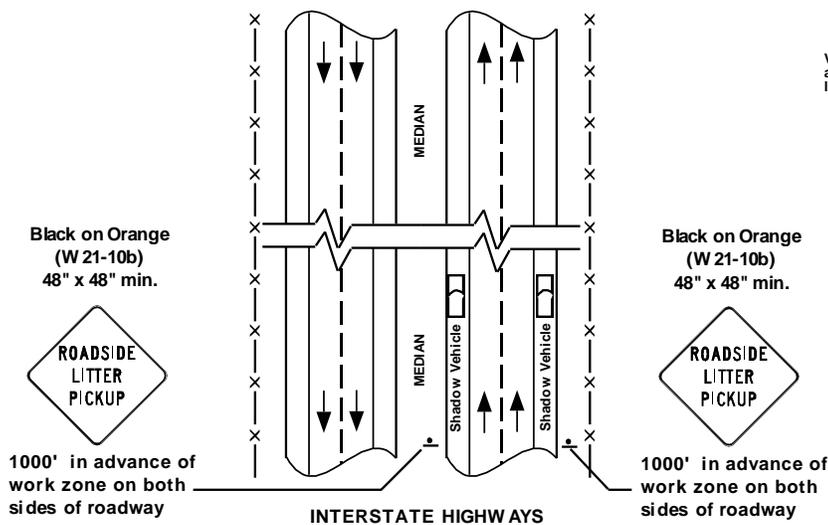

FIGURE 2

Vehicles should be parked off the roadway shoulder as near as possible to the right-of-way fence or boundary line.

FIGURE 3

Shadow vehicle should be used on outside shoulder or inside shoulder, but never both shoulders at once.

\*\* OPTIONAL \*\* Signing can be added to the back of shadow vehicles for additional advance warning.

# GUIDELINES FOR LITTER PICKUP

**NOTE:** The design, installation and use of all traffic control devices, must comply with the Manual on Uniform Traffic Control Devices (MUTCD), as adopted by the State. All sign sheeting must meet ASTM 4956 D TYPE III or greater retroreflectivity standards. Sign stands and sign installations must comply with NCRHP-350 crash standards.

## Litter Pickup –

**Two Lane Two Way Roadways** -- Participants are restricted to one side of the roadway between the right-hand edge of the pavement and the right-of way fence or boundary at any one time. Litter on the pavement is **NOT** picked up by participants. Crossing back and forth over the roadway is prohibited on two-lane rural highways.

**Multiple Lane Divided/Interstate** -- Participants working within a median area shall be restricted to the minimum number of crossings required to gain ingress and egress from the median area. It is recommended that the transport vehicle be used to transfer the participants from working on the outside shoulder area to the median area. The transport vehicle can be used as a shadow vehicle (see definition below) to protect workers and minimize the potential for accidents.

**Parking** -- Volunteer groups should park their vehicles off the roadway shoulder and as near to the right-of-way fence as possible. It is recommended that a minimum number of vehicles be used to transport participants to the litter pickup area.

**Safety Vests** -- Participants must wear the ITD supplied safety vests during litter pickup.

**Shadow Vehicle** – A vehicle used to give advance notice of work taking place through the means of either additional signing mounted on the rear of the vehicle, flashing emergency lights or a flashing rotating beacon. Shadow vehicles, when used, should be parked in advance of the work taking place or be used to follow a moving operation at a distance to give additional protection to the workers. When one large vehicle (van or bus) is used to transport the volunteers it may be parked on the shoulder closest to the litter pickup where it can act as a shadow vehicle for additional protection of the participants. This would allow parking on the inside shoulder for Median pickup or the outside shoulder for litter pickup between the shoulder and the right-of-way fence. If used as a shadow vehicle it will be required to have safety flashers or a rotating flashing beacon in operation during the litter pickup and be parked as close as possible to the outside edge of the roadway shoulder. Supplemental signing mounted on the back of the shadow vehicle may also be used to give additional advance notice to the traveling public.

**Signing** -- Traffic control signs should be mounted on temporary stands and placed adjacent to the edge of the shoulder.

**Two Lane Two Way Roadways (Figure 1)**-- Traffic control signs should be placed on both sides of the roadway where litter pickup is taking place. Signing should be at least 500 feet in advance of each end of the litter pickup section for each direction of travel. The lower edge of the sign must be mounted a minimum of one foot (1') above the roadway surface.

**Multiple Lane Divided/Interstate (Figures 2 and 3)** -- Signing should be placed on both sides of the travel lanes a minimum of 1000 feet in advance of the litter pickup area. Signs must be mounted with the lower edge of the sign a minimum of six feet (6') above the roadway shoulder. If a shadow vehicle is used for litter pickup on Interstate roadways, consideration should be given to mounting supplemental signing on the back of the shadow vehicle that restates the “Roadside Litter Pickup” message.

## Safety Tips

[itd.idaho.gov](http://itd.idaho.gov)

- Have your litter pickup during daylight on fair weather days.
- Before litter pickup, review two inserts contained in your Adopt-A-Highway Information/Application Packet: Guidelines for Litter Pickup/Traffic Control Plan for Volunteer Group Litter Pickup **and** Bag It, Move It, Leave It?
- Have a first-aid kit available. Put extra gloves and sunscreen in the first-aid kit.
- Wear gloves, long pants, sturdy shoes and an ITD issued reflective safety vest.
- Headsets can interfere with your ability to hear oncoming traffic or other potential hazards and should not be worn.
- Items that might cause injury, such as axes, knives, machetes, etc., should not be carried during litter pickup.
- Don't pick up litter on the roadway, bridges, in tunnels or on overpasses. These areas are especially dangerous for pedestrians.
- Stay clear of mowing operations and maintenance or construction activities.
- Be alert for snakes, stinging insects & poison ivy. Be cautious around tall grass and old logs.
- Don't try to make room in your litterbag by jumping or pushing down on it. You could cut yourself or the bag may rip and you might end up picking the litter up all over again.
- Avoid overexertion by resting when you need to and drinking plenty of water, especially on warm days.
- Never possess or consume alcoholic beverages or illegal drugs while on the adopted section.

# Bag It, Move It, or Leave It?

Adopt-A-Highway Instructions for Handling Roadside Litter

## BAG IT

1. These items may be placed in a bag.
    - A. Small items made of paper, cardboard, plastic, styrofoam, wood, rubber, glass, or metal provided that the item does not have sharp edges.
    - B. Small, empty containers provided that the item does not have sharp edges.
- Adopt-A-Highway volunteers are encouraged to recycle.

## MOVE IT

1. These items should be placed alongside your tied bags.
    - A. Items with dull, pointed edges that might tear a bag.
    - B. Large items that would prevent a bag from being properly tied closed.
    - C. Heavy items that could tear a bag, provided that the item can be moved without causing physical injury.
    - D. Containers that are not empty *if* the contents won't spill when moved *and* you can identify the product as one that is not hazardous. If you suspect that an item contains urine, do not move it.
- If in doubt, leave the item alone.

## LEAVE IT

1. These items should be left where found without taking further action.
  - A. Sharp, large, or heavy items that could cause physical injury if moved.
  - B. Any item in an unsafe location (near traffic lanes, on unstable ground, etc.)
2. Report these items to your local ITD representative listed on the blue phone sheet provided in the Adopt-A-Highway packet. If you are unable to speak directly to an ITD employee, please leave a voice message.
  - A. Items you are not permitted to bag or move that will not be easily visible to the ITD crew collecting your tied bags.
  - B. Securely closed items containing hazardous substances. \*
3. Keep a safe distance away from the following items and do not disturb them in any way. Report these items to your local ITD representative listed on the blue phone sheet provided in the Adopt-A-Highway packet.
  - A. Any item that you cannot identify and suspect may be hazardous.
  - B. Unclosed or leaking items containing hazardous substances. \*
  - C. Items with hazardous material labels.\*
  - D. Items that could pose an immediate danger. \*

\*See back for examples

\*\* After business hours, on weekends or holidays report items by calling: 334-8300

If you find any of the following items, please call your local district maintenance shed. Shed locations and telephone numbers are listed on the blue reference sheet titled "District Adopt-A-Highway Coordinators & Maintenance Sheds". The sheet is included in the Adopt-A-Highway information/application packet and was provided to your group contact.

### Item

#### Miscellaneous Items

Any item that you cannot identify and suspect may be hazardous.

#### Hazardous Substances

Spills of liquid or powdery substances

Fuels

Motor oils, petroleum products

Antifreeze

Batteries

Paints

Human urine, feces, bloody waste

Syringes

#### Extremely Hazardous Items

Explosives

Weapons, unspent ammunition

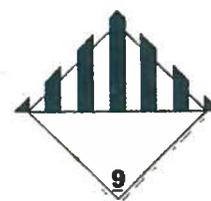

Items with hazardous material labels (see examples below)

Unlabeled medicines

Possible drug paraphernalia\*\*

\*\* Methamphetamine drug lab waste can be found in many shapes and forms. Propane cylinders from grills are used to transport anhydrous ammonia. This ammonia can burn your skin and cause severe respiratory damage. Other lab waste could include medicine boxes, pill residue (putty looking substance pink to red in color), respirator masks, rubber gloves, rubber hosing and clamps, pyrex glass, coming containers and other containers with rubber hoses attached.
