

Idaho 55 construction update: October 13-20

Farmway Road Intersection

Traffic signal poles will be installed next week. Crews will be flagging overnight to install the poles.

LOOK AHEAD: The new traffic signal will be activated in early November. More details will come in the next couple weeks.

Lake Avenue Intersection

Crews are continuing to widen the intersection.

Traffic signal poles will be installed next week. Crews will be flagging overnight to install the poles.

LOOK AHEAD: Potential closures at the intersection could occur the week of Oct. 23. More details will come next week.

Midway Road Intersection

Crews are continuing to widen the intersection.

Traffic signal poles will be installed next week. Crews will be flagging overnight to install the poles.

LOOK AHEAD: A new traffic signal at the intersection will be activated the week of Oct. 23. More details will come next week.

Pride Lane to Middleton Road paving update

Weather dependent, crews will stripe Idaho 55 from Pride Lane to Florida Avenue.

Next week, crews will pave Idaho 55 from Lake Avenue to Middleton Road.

Please remember:

- Speed limit in the work zone is **45 mph**.
- Lanes on **Idaho 55 will be restricted at night (9 p.m. to 6 a.m.)**. Pilot cars or flaggers will direct traffic.
- Construction may require intermittent lane restrictions at side streets during the day and night.
- Motorcyclists are urged to use caution when driving on the temporary milled (grooved) road surface.
- Drivers may encounter **up to a 20-minute delay at night** when the paving equipment moves past a side street or driveway.
- Initial paving will leave an abrupt road edge at shoulders, driveways and side streets. Crews will smooth out these transitions later in the project.

PLAN AHEAD. SLOW DOWN. PAY ATTENTION.

Your Safety • Your Mobility
Your Economic Opportunity
