I-90, Sherman Avenue to Blue Creek Bay Bridge

Sept. 24, 2017 – Construction Update

This week, construction will continue on the eastbound lanes of the highway. Work will occur during daytime hours, Monday through Saturday.

The Sherman Avenue eastbound on-ramp and the Mullan Trail eastbound on- and off-ramps will experience short closures at various times throughout the week. Please check 511.idaho.gov for status updates before using these ramps.

Motorists should anticipate increased travel times, speed reductions, and a crossover through the length of the project. The work zone speed limit **is reduced to 55 mph** and travel widths will be 12 feet with 16 feet of clear passage.

Please drive carefully and be aware of construction vehicles!
