

CONSTRUCTION UPDATE

Paving work suspended until spring 2018 on Broadway, Front and Myrtle

Due to low temperatures, the Idaho Transportation Department will suspend paving work in downtown Boise until spring 2018. During overnight work hours, temperatures below 50 degrees do not allow crews to repave the road.

Suspended sections include:

- Myrtle Street between I-184 (Connector) and Broadway Avenue
- Front Street between I-184 (Connector) and Broadway Avenue
- Broadway Avenue between Rossi Street and the New York Canal north of I-84

Crews have **completed** resurfacing on Broadway from University to Rossi, updated pedestrian ramps along Broadway and will continue to finish the pedestrian ramps on Front and Myrtle during the upcoming weeks.

ITD appreciates your patience and will continue to keep you updated as the project continues.
