

# CONSTRUCTION UPDATE

## Pedestrian ramp work will continue on Front Street through February

The Idaho Transportation Department will continue work to improve pedestrian ramps along Front Street (*between 3rd and 11th streets*) in downtown Boise through February.

Weather permitting, work will take place at night. See below for details.

### What to expect:

- Night work hours are from **8 p.m. to 6 a.m.** At least two lanes will be open on Front Street during the work.
- Crews will work on one or two ramps at a time.
- While a ramp is under construction, pedestrians will be detoured 24/7 for several days.
- Through this week, 3rd, 5th, 6th and 9th streets will have lane closures during the day for some of the work.
- **The work will be noisy.**

Paving work on Broadway, Front and Myrtle will resume later this year.

ITD appreciates your patience and will continue to keep you updated as the project continues.
