

EMERALD OVERPASS

Emerald St., Cole to Curtis, closed: April and May

Preservation work on numerous Treasure Valley bridges will begin this spring, including the Emerald Street overpass of I-184 (the Connector) between Cole Road and Curtis Road. Improvements will protect and preserve pavement life.

Construction on Emerald is scheduled for **mid-April through late-May**. During construction, **the bridge will be closed to all traffic with local traffic access open in the project area**. Schedule may change due to weather.

Through traffic will be detoured to Fairview Avenue and Franklin Street via Cole and Curtis. Pedestrian and bicycle access will remain open over the bridge throughout construction. Noise and light impacts are anticipated in the work zone. Nighttime lane closures on the Connector will occur near the bridge.

QUESTIONS? We want to hear from you.
