

Full Fee Mileage Guidelines

Idaho Transportation Department

When applying for registration for Full Fee power units over 60,000 pounds combined gross vehicle weight, you must show actual Idaho mileage for the previous July 1 through June 30 mileage period, unless no Idaho miles were traveled during that period. If no Idaho miles were traveled, mileage may be estimated based on the options below.

Instructions for Completing this Form

Fill in your account number and the registration year below. Then, select the estimated mileage option of your choice for each unit. Write the mileage estimate for each unit on the Full Fee Application for Registration. **Include this signed form with your application.**

Commercial Vehicle Services Account Number	Registration Year
--	-------------------

Option 1 - You may use the standard mileage estimate of 11,000, which is the average annual mileage operated per Full Fee vehicle in Idaho.

Unit Number(s) _____

Option 2 - Complete the table below, estimating your projected trips and mileage for a 12-month period for each vehicle. You may make copies of this form for additional vehicles.

Vehicle Unit Number	Trip Origin	Trip Destination <small>If unsure of destination and operating primarily on local routes, write in "Local Routes" below</small>	Estimated Number of Miles per Trip or Round Trip		Estimated Number of Trips per Year		Total Miles	Total Estimate per Vehicle
				X		=		
				X		=		
				X		=		
				X		=		
				X		=		
				X		=		

Option 3 - If a vehicle is operating in a similar manner as another vehicle, mileage that is comparable to the other vehicle's mileage over a 12-month period may be estimated. Include an explanation below if you choose this option.

Unit Number(s) _____

Explanation for Option 3: _____

Applicant's Printed Name	Applicant's Signature	Date
--------------------------	-----------------------	------
