

Plan ahead for summer paving

New Meadows to McCall

ITD will resurface Idaho 55 between New Meadows and McCall and build a retaining wall this summer.

What to Expect During Construction

- All lanes will be open on weekends (12 p.m. Friday to 12 a.m. Monday).
- During the week, crews will work day and night. Idaho 55 will be reduced to a single lane with pilot cars and signals.
- The speed limit will be reduced and 12-foot width restrictions will be in place.
- The roadway surface will be uneven for several weeks.
- ITD will improve driveway transitions after the road is paved.
- Many nights will be noisy. Your patience is appreciated.
