

2018
SAFETY REST AREAS AND OASIS PARTNERSHIPS PROGRAM

BASIC PLUS – a public roadside facility that is located in areas directly accessible to low to a medium volume State or US highways. A Basic Plus Safety Rest Area will provide the basic human needs to the traveling public plus furnish other amenities such as potable water, flush toilets, and picnic tables.

DELUXE – a public roadside facility that is located in areas directly accessible to a medium to high volume State, US, or Interstate highways. A Deluxe Safety Rest Area will include all of the amenities of a Basic Plus Safety Rest Area plus vending machines, designated pet areas and traveler information. The preferred design includes vestibules, where climactic conditions warrant, and at least one family-assist restroom to accommodate people with small children and those assisting others with disabilities.

GATEWAY – a public roadside facility that is located in areas directly accessible to a medium or high volume State, US or Interstate highway and located near important regions of the state or tourist entrances into the state. A Gateway Safety Rest Area will include all of the amenities of a DELUXE Safety Rest Area plus adequate space for a staffed Visitor Information Center.
