

MVP “Thank You” Card | Show appreciation for your co-workers

ITD employees have an avenue to share their appreciation for the assistance and guidance of colleagues. Recognition and acknowledgement can be an essential component of job satisfaction, especially during these uncertain and challenging times. MVP cards can play an important role in showing that appreciation for your co-workers.

Instructions:

Outside the office, you will need to use *VPN Access* to get into the internal [MVP Card site](#).

1. Once on the page, click on “**Create Card**” to begin. Under “**To**” select any staff member (listed in alphabetical order by first name). Your information is automatically entered in the “**From**” section.
2. Once you fill out and hit “**Create**” to submit the card, the message goes to that person and to their supervisor or manager so they know what a great job you are all doing.
