Update

December 22, 2020

Subject: Idaho CDL Renewal Extension

In alignment with the federal extension of Commercial Driver’s Licenses (CDL) and Commercial Learner’s Permits (CLP), the Idaho Transportation Department is extending CDLs and CLPs that expired or will expire on or after March 1, 2020, through February 28, 2021.

This extension is for your CDL/CLP credential only; it does not apply to the required TSA threat assessment for H or X hazardous material endorsements.

The department is not issuing any reprinted credentials as part of these extensions. It is recommended that anyone with an expired credential covered in this notice carry a copy of the notice.

Thank you,

Alberto Gonzalez
Administrator, Division of Motor Vehicles
