

POLICY

Dealers 30-Day Temp Registration

06-09-2020 Release Note

As Idaho works towards reopening, ITD is working hard to make sure the Auto Dealer industry is kept informed of policy changes and updates. ITD is taking the following actions in June:

- ITD has granted 30 day temporary registration on sales to Idaho residents through June 30th 2020. This should help to ease the stress on customers trying to register their vehicles as the county DMV offices reopen their doors.
- ITD will end the Electronic signature option as of June 30th 2020. This was a temporary allowance meant to help dealers during the stay at home order.

Dealers are still required to meet the title filing deadlines for title transactions [Idaho Code 49-504, 49-518 (6), 49-1609].
