Parks and Rec Renewals Change

03-05-2020-Release Note

Idaho State Parks and Recreation is sending calls to inform customers of the upgraded online registration renewal process for recreational vehicles, and to ask that customers create an online profile by providing their personal information via an [online form](#). Some customers may call a County DMV office to confirm the validity of these calls.

This update affects anyone who registers a boat, ATV, UTV, motorbike, or snowmobile in Idaho, as well as customers who purchase some Idaho permits. Going forward, Parks and Rec will only be sending registration renewal notices via email.

There is also a [FAQs page](#) available.
