State of Idaho Employees,

These past few months have been full of new workplace challenges related to the COVID-19 pandemic that many of us have never had to face. Whether working from home, in the field, or at your agency office, state employees continued to provide services to the public in a safe and efficient manner. This has and always will be our number one priority.

As we prepare for many of our colleagues to return to work, guidance to help continue to stay healthy and work in a safe environment is necessary. The DHR COVID-19 Workforce Guidance contains many return to work documents for agencies and employees to reference. Resources can be viewed at: <https://dhr.idaho.gov/covid-19-workforce-guidance/>.

Please review the short video at: <https://healthmatters.idaho.gov/return-to-work/>. This video summarizes the most critical considerations as we return to work. Please do your part to slow the spread of COVID-19, keep our workplaces safe, and keep Idaho rebounding by observing six feet of physical distance and wearing a mask when distancing is not possible.

Be sure you have received and read your agency's return to work policy. Should you have any questions, please reach out to your agency HR contact. Thank you for your dedication to the State of Idaho and your determination to keep our worksites safe for employees and the public.

Sincerely,

Susan

Susan E. Buxton
