---

Welcome to the Division of Aeronautics!

Dear Fellow Aviators, Airport Managers, Communities and Guests:

Our vision is to *forge a nationally renowned, progressive aviation system*, but to do so working with Idaho's citizens and aviation community. We want to ensure you have all of the information necessary to use Idaho's aviation systems and resources to their fullest—and we designed this website specifically for that purpose.

Our dedicated team at Aero is here to help you with any questions you may have, and our website is a great resource for information on Idaho aircraft registrations; airstrip maintenance; airport planning; grant funding opportunities; requesting airfield supplies; safety and education; aviation related events; and unmanned aircraft systems/drone regulations.

Since this site is for you, I encourage you to explore the information we have provided. Feel free to contact us with your questions and suggestions.

Idaho's vast natural resources, unique landscape, and recreational opportunities provide incredible experiences for thousands of Idahoans and visiting pilots every year. Please use our resources to make your flying experience as safe as possible while enjoying all that Idaho has to offer.

Fly safe, plan accordingly, and enjoy our "gem" state!

Sincerely,

Jeffrey L. Marker  
Administrator  
Idaho Division of Aeronautics
