Airport Supply Info & Order Form

Division of Aeronautics
1390 W Gowen Road
Boise, ID 83705
208-334-8775

All airport sponsors eligible for funding may apply to participate in the maintenance and safety supplies program. This is part of the discretionary allocation program that provides at no charge or a reduced charge for the following such items:

- Runway and taxiway light bulbs, lenses, and some light fixture parts
- Rotating beacon light bulbs
- Windsocks
- Tie-down chain sets
- Utility light bulbs

For supplies not listed, we may be able to provide your airport with source information in order to secure what's needed.

Important: Lights bulbs and any other hazardous materials cannot be mailed to a Post Office Box. You must provide a physical address.

NOTE: Only three sets of tie down chains will be provided per year. Up to ten of any items, per year, will be fulfilled as supplies last.

Remarks: If still usable, please turn the windsock inside out before ordering a new one due to fading.
