

District 2 Corridors

What Projects Will be Funded by the Leading Idaho TECM Program?

Governor Little’s Leading Idaho vision allows ITD to take a deliberate approach to advance projects within the corridors that will enhance safety, mobility, further strengthen Idaho’s strong economy and positively impact communities across the state for years to come. Focusing on corridor advancement gives the Transportation Board the flexibility to approve projects to address Idaho’s rapid growth with either the Transportation Expansion and Congestion Mitigation (TECM) funds or other state or federal funding that becomes available in the future.

US-95 & US-12 Clearwater River Crossings

The Spalding Bridge (US-95) and Arrow Bridge (US-12) over the Clearwater River will be replaced and widened. The bridges are approximately 60 years old, and both are critical to supporting the movement of freight throughout Idaho and across the country.
