REGULAR MEETING IDAHO TRANSPORTATION BOARD

June 14 - 15, 2023

The Idaho Transportation Board met at 9:00 AM on Wednesday, June 14, 2023, in Boise, Idaho. The following principals were present:

William (Bill) H. Moad, Chairman
Gary Osborn - District 2
Julie DeLorenzo, Vice Chair - District 3
Jim Kempton - District 4
John Bulger, Member - District 5
Bob Hoff, Member - District 6
Scott Stokes, Director
Dan McElhinney, Chief Deputy/Chief Operations Officer
Lorraine Dennis, Executive Assistant to the Board

District 1 Member Jim Thompson was not present.

<u>District 3 Tour and Outreach Workshop</u>. The Board drove through the recently paved I-84 Transportation Expansion & Congestion Mitigation (TECM) project in Nampa and Caldwell and the Caldwell maintenance residency renovation. ITD's Tony Pirc and John Hall led discussions on the scope of the maintenance renovation. The Board also toured the SH-16 south project with onsite stops. Following the tour, the Board convened at the Courtyard Marriot in Meridian for the Outreach Workshop with local transportation officials.

Chairman Moad and Vice Chair DeLorenzo welcomed participants of the Idaho Transportation Investment Program (ITIP) Outreach Workshop. Director Stokes gave opening remarks focusing on expectation for the afternoon, Idaho Transportation Department's (ITD) vision and what it means to invest with purpose for the ITIP \$612.8 million program. District 3 Engineer Caleb Lakey facilitated the workshop. Participants had time to review several project displays arranged around the room and interact with staff and the Board. They reconvened to hear presentations from ITD staff. Chief Deputy/Chief Operations Officer Dan McElhinney and DE-3 Lakey presented construction industry progress, TECM projects and District 3 priority projects information. Motor Vehicle Administrator Lisa McClellan gave an update on DMV, Aeronautics Administrator Tom Mahoney presented information on aeronautics, and Public Transportation Manager Ron Duran provided an overview on Public Transportation. Chief Administrative Officer Dave Tolman presented an update on policy directives for Locals, and Local Highway Technical Assistance Council (LHTAC) Administrator Laila Kral reviewed funding opportunities for Locals. The Workshop concluded with an open form for local transportation officials to ask questions and share comments.

WHEREUPON, the Idaho Transportation Board's tour and workshop recessed at 4:10 PM.

June 15, 2023

The Idaho Transportation Board convened at 8:00 AM on Thursday, June 15, 2023, at the District 3 office in Garden City, Idaho. Members and principals from previous day were present with the exception of CD/COO McElhinney. Lead Deputy Attorney General Tim Thomas joined and District 1 Member Jim Thompson participated remotely. Vice Chair DeLorenzo arrived after the safety share.

<u>Workshop: Introduction</u>. Controller Justin Collins provide an introduction reminding the Board of contingency funding that was included in the FY24 budget and of increased full-time positions they will learn more about supporting program delivery in FY25.

Trends and State Revenue. Economic and Research Manager Thompson presented potential impacts to revenue for ITD's draft FY25 appropriation request. Some highlights included a moderate to high risk of recession and continued inflationary pressures. Two legislative actions were taken, HB340 – requires ITD to issue no-fee ID cards to comply with voter registration and voting requirements, and HB354, authorizes General Fund transfers of \$35M to Aeronautics Fund, \$100M to Strategic Initiative (SI) Grant fund and \$514M to SI Program and distribution to local highway jurisdictions. As a result, changes were made to the FY23 forecast. Changes to the FY24 and FY25 forecasts included General Fund transfers to the SIP of \$182M and \$187M respectively and \$100M to the SI Grant Fund in FY24.

Based on the August 2022 forecast, projections for FY25 funding was \$479.3M – up \$6.9M from FY24. With the updated forecast through FY23 3rd quarter, projections increased for FY24 to \$595.4M and FY25 \$481.3M. Changes to the forecast are based on transfers to the Strategic Initiative Program. ERM Thompson concluded with summarizing the year-to-date revenue through May 2023 that show funds in the Highway Distribution Account, HB312 and Ethanol all below forecast.

Recap of FY24 Request and Supplemental. Financial Manager Chris Bray recapped the FY24 budget request. ITD has four FY23 supplementals - \$50,000 for ongoing jet fuel inflation, \$35M one-time General Fund transfer for airport improvements, \$9.3M for ongoing highway operations inflationary increases, and \$2.2M for ongoing state research and planning. FM Bray also recapped ITD's \$1.35B FY24 total appropriation that included \$124.3M for the Governor's Leading Idaho's Future initiative (60% of the \$136M Strategic Initiative Grant Fund). FY24 projected travel costs are \$2.6M. Actual travel costs for FY23 through mid-May is \$1.64M.

<u>Draft FY25 Budget Request – Initial Look</u>. Financial Manager Bray reported on the draft FY25 budget request that the Board will approve in August. He reviewed each division's budget request in comparison to FY24 detailing changes for base adjustments, increases for full-time positions (FTP), line items requests, and supplementals. Some division highlights included Administration – \$34.1M budget and 150 FTPs; Aeronautics - \$6.4M and 13 FTPs; Capital Facilities - \$32.3M (plus \$38.5M FY24 supplemental for Chinden Campus renovations); Contract

Construction & Right-of-Way - \$539.3M; DMV – \$42.4M and 239 FTPs; and Highway Operations – \$294.4M and 1243 FTPs (increase of 53). FY25 replacement equipment cost is estimated at \$51.3M. The draft FY25 total program funding is \$1.2B and 1645 FTPs.

Department Workforce Planning for FY24-25. District 1 Engineer Damon Allen provided an overview from the Board's April workshop discussion on workforce planning. Some highlights included, since 2010, ITD reduced FTPs by 185 requiring ITD to leverage outsourcing to meet project delivery demands. The reduction also led to the consolidation of resources, reducing maintenance specialty crews and the need to reclassify positions to address needs. The following are recommendations from the workforce evaluation that identified three priority areas

(includes number of FTPs and costs for operations and equipment): maintenance capacity, 65 FTPs and \$5.2M; project delivery, 73 FTPs and \$7.8M; and support services, 8 FTPs and \$0.8M for a total of 146 FTPs and \$14M per year. DE-1 Allen stated the department intends to pursue a phased approached with the first phase in FY25 requesting 53 FTPs representing 60% for frontline project delivery and 40% for operations. Total annual funding for FTPs is approx. \$5.4M. If the legislature approves the plan next year, hiring can begin in spring 2024.

In response to Chairman Moad's question on strategies now to address a strained system, DE-1 Allen stated ITD will continue to outsource until they can bolster in-house operations, such as specialty crews for guardrails, striping and bridge maintenance.

In response to Member Kempton's inquiry about the balance of the increased volume of consultant costs and personnel, Director Stokes replied they acknowledge the advantage of using contracts and this effort is not a cost savings of taking away opportunities from firms, but a mechanism to address the complexity of ITD project delivery oversight needs to help consultants and contractors. Contracts require staff oversight and management. This approach allows for quality and sustainability to meet workload demand across all districts.

Six-Year Capital Facilities Plan. Capital Facilities Manager Tony Pirc summarized projects for FY23 and outlined projects programed in the six-year plan. Some highlights included there were 251 new contracts in FY23 totaling \$24.5M. For FY24, \$10.2M is estimated for new projects plus costs for seven new houses. In the FY25 request, there is \$19.3M in deferred/replacement projects with \$2M for new projects. The remaining years from FY26 to FY30 includes \$16M for deferred projects costs and \$5M for new projects.

Director Stokes commented on Facilities' program increase from \$3.5M to \$22M to expand their maintenance budget and ITD's ability to keep pace that is resulting in safer workplaces for employees.

<u>Draft FY24-30 Idaho Transportation Investment Program (ITIP)</u>. Program Control Manager Wonacott provided an overview of the draft FY24-30 ITIP and the timeline for its development. In July, the draft is available for public review and comment and is submitted to the Board in September for approval. The average program total per year is \$880.4M. Based on highway funding, 39% state and 61% federal funds, funding estimates for FY24 is \$930.2M and

then levels out to \$856.3M - \$871.9M range through FY30. Fourteen projects totaling \$18.9M are being removed because they did not undergo a cost analysis. Some program highlights included ITD's goal is to invest \$150M in pavement, \$100M in bridges, and \$80M in safety and capacity each year. The Supporting Infrastructure Assets Program (SIAP) includes \$12M for statewide damage support, bridge safety and roadside safety. A new set-aside program of \$6M annually is for planning, scoping and studies. Also included are holdbacks (\$20M) and set-asides (\$30M in FY24). FY24-FY30 funding includes \$1.05B for TECM corridor projects and \$1.45M in Early Development (unfunded). PCM Wonacott provided an update on the federal programs included in the Infrastructure Investment and Jobs Act (IIJA), which are Carbon Reduction, PROTECT, and the National Electric Vehicle Infrastructure Program (NEVI).

<u>Public Outreach</u>. Senior Public Information Officer Angie Heuring reviewed ITD's draft ITIP public involvement process for the July 1-31 public comment period. Print ads are published in local newspapers along with press releases, emails, and other efforts, such as social media posts and videos. To reach more people, additional online options and tools were created like the enhanced GIS map tool and comment portal, explainer tutorial and QR codes for print ads. Once the comment period closes, they are disseminated, reviewed and responded to by September 1.

Member Osborn requested that the Board receive comments for their respective districts.

Chairman Moad thanked staff for the workshop presentations.

<u>Safety Share</u>. Safety Compliance Officer Chris Larsen reported on efforts to improve employee protective equipment lighting for safety vests and headlamps. Examples included using daylight green and yellow during the day, dark orange or combination of dark green and yellow at night, and upgrading to headlamp bars.

Chairman Moad thanked SCO Larsen for implementing these safety innovations.

<u>Board Minutes</u>. Member Bulger made a motion to approve the minutes of May 17 -18, 2023, seconded by Member Hoff, and the motion passed unanimously.

Board Meeting Dates. The next meeting is July 19, 2023 in Boise.

<u>Consent Items</u>. Member Osborn made a motion, seconded by Member Kempton, and passed unopposed, to approve the following resolution:

RES. NO. WHEREAS, consent calendar items are to be routine, non-controversial, self-ITB23-55 explanatory items that can be approved in one motion; and

WHEREAS, Idaho Transportation Board members have the prerogative to remove items from the consent calendar for questions or discussion.

NOW THEREFORE BE IT RESOLVED, that the Board approves FY24-27 DFM Strategic Plan Report, adjustments to Highway-Rail Crossing Program and Local Safety Program for the FY23-29 ITIP, the Safety Rest Areas update, State Highway System Functional Classification Map update, 2023 Children Pedestrian Safety Program, FY23 Freight Program update, GARVEE Program Annual Legislative Report, and contract award.

- 1) FY24-27 Division of Financial Management Strategic Plan. Idaho Code requires all state agencies to submit an annual Strategic Plan. The required elements are established in statue, with additional guidance from DFM, includes a vision and mission statement, goals and objectives, performance measures and benchmarks, and key external factors. There were no changes since the Board's review last month. The Plan is due to DFM on July 1.
- 2) Adjust Highway-Rail Crossing Program for the FY23-29 Idaho Transportation Investment Program (ITIP). Removal of three railroad crossing projects (KN20606, 20638, and 20158) and reallocate to KN2378, Cherry Lane. Also, adjust program to accommodate increases in project cost.
- 3) Adjustments to the Local Safety Program in the FY23-29 ITIP. Adjust projects in the Local Highway Safety Improvement Program. Delay KN22883 from FY23 to FY24 and increase FY23 construction costs for KN22876 and 22882, and increase design services for KN23285.
- 4) Update of Safety Rest Areas and Oasis Partnerships. Board Policy 4044 & 5044, requires annual updates to the safety rest areas chart and map. In 2023, "On The Run" was added to the Oasis Partnerships located at the Eisenman Interchange in Boise. The map, shown as Exhibit 556, and made a part hereof with like effect.
- 5) State Highway System Functional Classification Map Update. In accordance with Board Policy 4060, the Functional Classification Map, shown as Exhibit 557, which is made a part hereof with like effect, was reviewed by staff, and there were no changes to the State Highway System classification. Functional classification is the process by which streets and highway are grouped into classes, or systems, according to the character of service they are intended to provide.
- 6) 2023 Children Pedestrian Safety Program. House Bill 354, signed by Governor Little allocated \$10 million to the Children Pedestrian Safety Program administered by LHTAC. The LHTAC Council reviewed options on how to proceed with administering the additional funding. The Council chose to fund projects that were not funded from 2022 applications. This will fund \$7.5 million in projects, provide up to \$50,000 per applicant to account for recent higher bid prices on a first come, first serve basis, and then provide an opportunity for applications this fall with unspent funds.
- 7) FY23 Freight Program Projects. Pending the approval of the Board and the FY23 Freight Plan by FHWA, ITD needs to conditionally add and update projects to FY2023 of the

FY23 – 29 ITIP to accurately reflect project funding. Approving the funding into for FY23 will add an additional \$10.6M in program funds. The Freight Advisory Committee reviewed and ranked the projects.

- 8) GARVEE Program Annual Legislative Report. Legislation requires that the Board submit an annual report by June 30th of each year. The Annual 2023 Report summarizes the amounts allocated to various GARVEE-approved corridors, summarizes the bond amounts, and graphically shows the location of projects included in the funding authorization.
- 9) Contract Award. The low bid on the following project is more than ten percent over the engineer's estimate, requiring justification. On key #24192, SH-75, Ohio Gulch Road intersection signal light, District 4, main difference between the low bid and engineer's estimate is the estimated unit cost for the signal installation. The Districts does not believe readvertising the projects would result in lower bids, and recommends awarding the contract. Low bidder: Electric 1 West \$724,531.70.

Informational Items.

1) Contract awards and advertisements. There were ten ITD and two Local contracts awarded that did not require Board approval from May 1-31, 2023. From October 1, 2022 to May 31, 2023, 63 ITD and 13 Local contracts were bid.

The list of projects currently under advertisement was provided.

- 2) Professional services agreements and term agreement work tasks report. From April 24, 2023 to May 21, 2023, 36 new professional services agreements and work tasks were processed, totaling \$18,086,509. Six supplemental agreements to existing professional services agreements were processed during this period for \$1,906,579.
- 3) Non-Construction professional service contracts. Board Policy 4001 states, 'Each month the Chief Administrative Officer shall report to the Board all non-construction professional service agreements entered into by the Department during the previous month.' No service agreements were executed.
- 4) Monthly report of federal formula program funding through May 31. Idaho received full-year FY23 obligation authority (OA) of \$394.2 million through September 30, 2023, via the consolidated appropriations act passed on December 29. OA includes \$9.3 million of Highway Infrastructure General Funds carried over from FY20 and FY21 and \$45 million of Infrastructure Investment and Jobs Act (IIJA) Bridge Formula funds. Additional apportionments were allocated via the Appropriations Act. Idaho received apportionments of \$444.7 million. FY23 OA through September 30, 2023 is 88.7% of apportionments. Allotted program funding is \$426.5 million with \$124.8 million remaining.
- 5) FY23 financial statements. Revenues to the State Highway Account from all state sources as of April 30 is slightly below forecast by 4.8% and revenues in the HDA are down by

5.0%. State revenues to the State Aeronautics Fund were ahead of forecast by 44.7%, or \$850K. The Department's expenditures were within planned budgets. Personnel costs savings of \$6.5M is due to vacancies and timing. Contract construction cash expenditures in the SHA are \$652.6M for July – April, and total construction expenditures from the five different funds sources total \$600.4M.

The balance of the long-term investments was \$177.3M as of the end of April. These funds are obligated against construction projects and encumbrances. The cash balance is \$136.0M. Expenditures in the Strategic Initiatives Program Fund is \$49.4M. Deposits into the Transportation Expansion and Congestion Mitigation Fund hit the \$80M cap. Additional funds will go into the Local Distribution Account. Currently, ITD received \$3.3M from the Cigarette Tax revenue. The federal CARES Act provided \$27.3M for public transportation. FY23 expenditures are \$3.8M. Expenditures for the TECM bond program during this period is \$73.1M and \$69.8M for GARVEE.

Chairman Moad moved up the Director's report so recipients of the Adopt-A-Highway award could have more time to assemble.

<u>Director's Monthly Report</u>. Director Stokes introduced new ITD staff - Aeronautics Administrator Tom Mahoney and Internal Review Manager Jolene Crumley sharing their background and responsibilities. The Division of Human Resources modernization that centralizes the State of Idaho's HR functions is in effect as of June 12, 2023. The modernization will create consistency and efficiency and provide better governance and oversight. ITD will continue to have HR staff onsite dedicated to the agency. Another change included the Information Technology Services (ITS) consolidation that is being phased in statewide. All affected services, including 36 ITD positions who are no longer onsite, were transitioned from ITD to ITS on June 12, 2023. The transition required pivoting infrastructure to support the shift, such as data center migration and technology conversions. ITD ETS Manager Bill Finke is leading the effort.

Chairman Moad thanked Director Stokes for his report.

Adopt-A-Highway. Director Stokes presented the AAH award to Ada County Sheriff's "Inmate" Labor Detail Program Stephanie Brastrup and team. The inmate program adopted Interstate 84 from Milepost 40-72.6, as well as I-184 from Milepost 0-4. The SLD Program allows people the opportunity to repay the community and helps to reduce jail population and costs. The Ada County Sheriff's team thanked ITD and the Board for the award.

Chairman Moad thanked the Ada County Sheriff's staff for their dedication.

<u>District Engineer Report</u>: District 3 Engineer Lakey presented his annual district update focusing on partnerships. Some highlights included showcasing staff, local officials and agency partners on various events, such as the new pedestrian bridge in Eagle, ITD and Idaho State Police (ISP) training exchange, the Idaho Army Guard, Bosslift event at Gowen Field, and the SH-

52 bridge repaving with Payette County. Several new staff members were highlighted from foreman to engineers and administrative to communication roles. District 3 responded to various flooding events like SH-71 Brownlee Creek in Cambridge, and was instrumental in assisting with a propane truck crash on US-95 in New Meadows that created a 6-hour detour, multi-day cleanup effort. DE-3 Lakey recapped the various awards achieved, and provided a status on five projects from FY21 – FY23 that are being completed with board unallocated funds.

Vice Chair DeLorenzo commented on the Outreach Workshop from the previous day stating there were tough comments expressed, but also many officials who recognized DE-3 Lakey and staff for doing a great job. She thanked District 3 and other partners for participating.

Board Unallocated Funding for SH-55 Horseshoe Bend Project. District 3 Engineer Lakey outlined ITD's partnership with the City of Horseshoe Bend leading the effort to build a sidewalk on SH-55. The project is in supplement to a \$250,000 LHTAC grant the City received. The project is for full curb, gutter and a sidewalk section on SH-55 in front of the school. ITD augmented the design to address drainage, ensure maintainability and enhance safety. The project costs are estimated at \$500,000 and plan to be completed before school starts with the city administering the work.

Vice Chair DeLorenzo expressed support for the project.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, it is in the public's interest for the Department to publish and accomplish a current, realistic, and fiscally constrained five year Idaho Transportation Investment Program (ITIP); and

WHEREAS, the Idaho Transportation Board is charged with considering the safety and convenience of the highway users; and

WHEREAS, it is in the intent of the Idaho Transportation Board to effectively utilize all available federal, state, local, and private capital investment funding; and

WHEREAS, ITD staff has assisted the City of Horseshoe Bend with an enhanced design for curb, gutter, sidewalk and storm sewer; and

WHEREAS, The City of Horseshoe Bend already has been awarded a \$250,000 Children and Pedestrian Safety Grant from LHTAC; and

WHEREAS; ITD is prepared to incorporate this project into the approved ITIP.

NOW THERFORE BE IT RESOLVED, that the Board approves the SH-55, Horseshoe Bend sidewalk project be added to the FY23-29 ITIP at a cost of approximately \$500,000 using FY24 ITD Board Unallocated Funds.

BE IT FURTHER RESOLVED, that the Board approves staff to adjust the program and amend the approved FY23 - 29 ITIP accordingly.

Review of the Draft FY24-30 ITIP. Program Control Manager Colleen Wonacott reviewed the draft ITIP that was presented in the workshop. Staff seeks approval to proceed with public comment, July 1 through 31. Projects are approved at the September board meeting.

Member Kempton made a motion, seconded by Member Osborn, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, it is in the public's interest for the Department to publish and accomplish a current, realistic, and fiscally constrained seven year Idaho Transportation Investment Program (ITIP); and

WHEREAS, it is the intent of the Transportation Board to effectively utilize all available federal, state, local, and private capital investment funding; and

WHEREAS, the program update cycle requires cooperation with partner agencies in its calendar of activities; and

WHEREAS, the Transportation Board has reviewed the list of projects and analysis for the Draft FY 2024 - 2030 ITIP; and

WHEREAS, the next activity in the program update cycle is public review and comment per 23 CFR 450.210; and

WHEREAS, public involvement and input from stakeholders and interested citizens allows the Transportation Board to better understand Idaho's various transportation needs; and

WHEREAS, project selection and program approval is scheduled for the Transportation Board's September meeting after incorporating public comment.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board will commence public involvement in July with project and program information incorporated from the publication entitled Draft FY 2024 - 2030 ITIP, June Board Meeting.

Agreement Authority Exceed \$1M for FY24 Roadway and ADA Improvements, Ada County. State Design Engineer Monica Crider presented the request to exceed professional services agreement authority for the FY24 roadway and ADA improvements by Six Mile

Engineering. The scope is to provide pavement rehabilitation and pedestrian improvements on six roadway segments by resurfacing existing pavement and upgrading pedestrian ramps to meet current ADA compliance. The agreement authority is up to \$1,185,288.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed to approve the following resolution:

RES. NO. WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, Ada County Highway District (ACHD) will administer this project; and

WHEREAS, funding has been identified and is obligated for this agreement.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. A020(674), FY24 Roadway and ADA Improvements, Boise to exceed the \$1 million agreement authorization for consultant services up to \$1,185,288.

Agreement Authority Exceed \$1M for FY25 Roadway and ADA Improvements, Ada County. State Design Engineer Crider presented the request to exceed professional services agreement authority for the FY25 roadway and ADA improvements by Six Mile Engineering. The scope is to provide pavement rehabilitation and pedestrian improvements on two roadway segments by resurfacing existing pavement and upgrading pedestrian facilities. It includes five signalized intersections on Overland Rd. The agreement authority is up to \$1,122,760.

Vice Chair DeLorenzo made a motion, seconded by Member Osborn, and passed unopposed to approve the following resolution:

RES. NO. WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, Ada County Highway District (ACHD) will administer this project; and

WHEREAS, funding has been identified and obligated for this agreement.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. A021(896), FY25 Roadway and ADA Improvements to exceed the \$1 million agreement authorization for consultant services up to \$1,122,760.

Agreement Authority to Exceed \$1M for SH-16, SH-44 to Junction SH-52 Environmental Re-evaluation. State Design Engineer Crider presented the request to exceed professional services agreement authority for the SH-16, SH-44 to Junction SH-52 environmental re-evaluation by Horrocks Engineers. The scope of this project is to update the design of State Highway 16 and associated construction projects to address needs through the year 2050. The agreement authority is up to \$2,950,000.

Vice Chair DeLorenzo made a motion made a motion, seconded by Member Osborn, and passed unopposed to approve the following resolution:

RES. NO. WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, District 3 will administer this project; and

WHEREAS, funding has been identified and is scheduled for this agreement.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. A023(175), SH-16, SH-44 to Junction SH-52 environmental re-evaluation, Emmett, to exceed the \$1 million agreement authorization for consultant services up to \$2,950,000.

Agreement Authority to Exceed \$1M for Franklin Blvd. & 3rd N. Freight Improvement, Nampa. State Design Engineer Crider presented the request to exceed professional services agreement authority for Franklin Blvd. & 3rd N freight improvements by Parametrix. Phase 1 was for preliminary design services, \$168,481. Phase 2 will complete PS&E level design, \$1,230,000. With engineer of record services, \$150,000, the total project is estimated at \$1,550,000.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed to approve the following resolution:

RES. NO. WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, Local Highway Technical Assistance Council (LHTAC) will administer this project; and

WHEREAS, the agreement will not be written until the funding has been scheduled and obligated.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. A022(103), Franklin Blvd. & 3rd N Freight Improvement project, City of Nampa to exceed the \$1 million agreement authorization for consultant services up to \$1,550,000.

Agreement Authority to Exceed \$1M for Five Mile Road Overpass and Widening, Boise. State Design Engineer Crider presented the request to exceed professional services agreement authority for Five Mile Road overpass and widening by HDR Engineering. The scope is to expand Five Mile Rd. to five lanes between Overland Rd. and Franklin Rd. and replace the existing bridge overpass with a four-lane structure. The total agreement authority up to \$2,520,037.

Vice Chair DeLorenzo made a motion, seconded by Member Kempton, and passed unopposed to approve the following resolution:

RES. NO. WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, Ada County Highway District (ACHD) will administer this project; and

WHEREAS, the agreement will not be written until the funding has been scheduled and obligated.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. 023(095) Five Mile Road Overpass and Widening (NEPA) project, Boise to exceed the \$1 million agreement authorization for consultant services up to \$2,520,037.

Agreement Authority to Exceed \$1M for US-20 Chester to Ashton, Fremont Co. State Design Engineer Crider presented the request to exceed professional services agreement authority on the Lakeshore Connection project by Welch Comer. The purpose of this project is to improve safety on US-20, Chester to Ashton by upgrading the current two-lane highway into a four-lane divided highway. Two new interchanges are planned. The Board previously approved authorization up to \$2,000,000. This request brings the total agreement authority up to \$2,030,000 for right-of-way services for over 100 parcels.

Member Hoff made a motion, seconded by Vice Chair DeLorenzo, and passed unopposed to approve the following resolution:

RES. NO. WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, District 6 will administer this project; and

WHEREAS, the Board has approved agreement authorization up to \$2,000,000 at the February 2023 Board meeting; and

WHEREAS, funding has been identified and is obligated for this agreement.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. A020(053) & A022(163), Chester to Ashton, Fremont County, Land Acquisition to exceed the \$1 million agreement authorization for consultant services up to \$2,030,000.

Add US-95, Schoolhouse Road Turn Bays, Boundary Co. to Early Development Program. District 1 Engineer Damon Allen outlined a project in Naples, located halfway between Sandpoint and Bonners Ferry at US-95 and Schoolhouse Road. The project will replace two box culverts and add right and left turn bays to address safety and mobility. This will align with road

improvements being designed by Boundary County Highway District for Schoolhouse Rd. This stretch of highway has many logging trucks that provide timber to the mill in Naples.

Member Thompson made a motion, seconded by Vice Chair DeLorenzo, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, it is in the public's interest for the Department to publish and accomplish a current, realistic, and fiscally constrained Idaho Transportation Investment Program (ITIP); and

WHEREAS, it is the intent of the Transportation Board to effectively utilize all available federal, state, local, and private capital investment funding; and

WHEREAS, the Board has authority to select projects for the State using additional Leading Idaho funds and staff has delivered a plan for the use of these funds; and

WHEREAS, it is expected that these funds are to be ongoing.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board approves adding US-95, Schoolhouse Road turn bays, Boundary County project into the draft FY24-30 ITIP in the Early Development Program.

BE IT FURTHER RESOLVED, the Board approves funding for engineering in FY24 in the amount of \$550,000 to prepare engineering plans. At this time construction funds are not going to be added to the program for this project.

<u>Executive Session on Legal and Personnel Issues</u>. Vice Chair DeLorenzo made a motion to meet in executive session at 11:42 AM to discuss issues as authorized in Idaho Code Section 74-206 (b) and in Idaho Code Section 74-206 (f). Member Kempton seconded the motion and it passed unanimously by roll call vote.

The executive session discussion on legal matters related to highway and department operations and personnel matters.

The Board ended executive session at 12:35 PM.

Administrative Settlement Over \$200,000. Right of Way Manager Justin Pond presented an administrative settlement for KN9294, Project No. DHP-NH-4110(156), US-95, Thorn Creek Road to Moscow, parcels 23 and 24.

Member Osborn made a motion, seconded by Member Bulger, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the Idaho Transportation Department is acquiring right-of-way

ITB23-65 for the US-95, Thorn Creek Rd. to Moscow, for Project No. DHP-NH-4110(156); and

WHEREAS, the Idaho Transportation Department and the property owner have engaged in good faith negotiations; and

WHEREAS, both parties agree that additional payment is justified in order for the Idaho Transportation Department to fairly compensate the property owner for parcels 23 and 24.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board approves an Administrative Settlement over \$200,000.00.

Administrative Settlement Over \$200,000. Right of Way Manager Justin Pond presented an administrative settlement for KN20788, Project No. A020(788) SH-16, I-84 to US 20/26 & SH-44 IC, Ada & Canyon Counties, parcel 50.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the Idaho Transportation Department is acquiring right-of-way for the SH-16, I-84 to US 20/26 & SH-44 IC, Ada & Canyon Counties, for Project No. A020(788); and

WHEREAS, the Idaho Transportation Department and the property owner have engaged in good faith negotiations; and

WHEREAS, both parties agree that additional payment is justified in order for the Idaho Transportation Department to fairly compensate the property owner for parcel 50.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board approves an Administrative Settlement over \$200,000.00.

Administrative Settlement Over \$200,000. Right of Way Manager Justin Pond presented an administrative settlement for KN20788, Project No. A020(788) SH-16, I-84 to US 20/26 & SH-44 IC, Ada & Canyon Counties, parcel 80.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the Idaho Transportation Department is acquiring right-of-way for the SH-16, I-84 to US 20/26 & SH-44 IC, Ada & Canyon Counties, for Project No. A020(788); and

WHEREAS, the Idaho Transportation Department and the property owner have engaged in good faith negotiations; and

WHEREAS, both parties agree that additional payment is justified in order for the Idaho Transportation Department to fairly compensate the property owner for parcel 80.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board approves an Administrative Settlement over \$200,000.00.

FFY 2024-26 Highway Safety Plan. Highway Safety Manager Josephine Middleton presented the Triennial FFY24-26 Highway Safety Plan (3HSP), and the changes as a result of new Federal legislative rules that were released in February 2023. The 3HSP replaces the annual report, expands requirements for public and community participation in funding decisions and includes a significant increase in funding available to states under the National Highway Traffic Safety Administration (NHTSA) traffic safety grants. There is also a new application structure for Section 402 and 405 projects. HSM Middleton reviewed the 3HSP's executive summary, primary targets and performance plan, program areas and projects – focus on teen traffic safety, and bolstered engagement. The Idaho Traffic Safety Commission approved the Plan at their June meeting. The Plan is due to NHTSA by July 1. The annual grant application project's total budget is \$10 million per year.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, Idaho experienced 27,661 reportable traffic crashes, 215 traffic ITB23-68 deaths, and 1,336 people seriously injured in 2022; and

WHEREAS, the economic cost of traffic crashes in Idaho for 2022 was more than \$4.7 billion; and

WHEREAS, the Idaho Transportation Department's vision is to have zero traffic deaths; and

WHEREAS, the National Highway Traffic Safety Administration (NHTSA) may allocate nearly \$6 million in funding behavior safety programs for Idaho to help eliminate traffic deaths and serious injuries; and

WHEREAS, the Office of Highway Safety and the Idaho Traffic Safety Commission has developed the Triennial Highway Safety Plan for Federal Fiscal Year 2024-2026 to work toward the elimination of Idaho traffic deaths, serious injuries, and economic losses; and

WHEREAS, the Highway Safety Plan is required by NHTSA in order to receive funding from NHTSA.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board adopts the Triennial Highway Safety Plan for Federal Fiscal Year 2024-2026, which is on file in the Office of Highway Safety.

Strategic Initiatives Local Grant Program - ITD/Ada County Highway District (ACHD) MOU. Chief Administrative Officer Dave Tolman reported on the how the Strategic Initiatives Local Grant Program was established, funding for it, and ITD's Memorandum of Understanding (MOU) with ACHD. Some highlights included the Program was established through legislation to assist local units of government to mitigate impact of state highway projects on local roads or for economically significant local projects that require the assistance of ITD. The one-time total FY24 program funding is \$136 million with \$36 million, per legislation, to ACHD and the remaining funds shared 50/50 with local jurisdictions (\$50M to population over 50,000 and \$50M populations less than 50,000). The \$36 million from the Strategic Initiatives Program Fund are available July 1 and required to be dispersed to ACHD by July 31. CAO Tolman outlined ITD's and ACHD's responsibilities, and the projects' description parameters (projects adjacent to and within three miles of SH-16) per the draft MOU. He indicated ACHD's leadership has reviewed and signed the MOU.

In response to Member Kempton's question regarding legislative intent for the \$36 million use on SH-16, CAO Tolman stated it is to mitigate impacts of projects connecting to the interstate. He also clarified the language was very specific that it is intended for single highway county districts for which there is only one.

Vice Chair DeLorenzo made a motion, seconded by Member Kempton, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the legislature amended and the governor approved changes to IC Section 40-719 (HB132 & SB 1189) to establish a Strategic Initiatives Grant Program for local units of government; and

WHEREAS, the legislature has appropriated, for FY 2024 only, the first \$36 million appropriated to the strategic initiatives program shall be used by the Idaho Transportation Department (ITD) on local roads to mitigate the impact of adding new connections of state highways to interstate highways; and

WHEREAS, the Idaho Transportation Department (ITD) is expanding SH-16 and is adding a new connection to I-84; and

WHEREAS, roads under the jurisdiction of the Ada County Highway District (ACHD) and will be directly impacted by the expansion of SH-16; and

WHEREAS, ITD and ACHD have identified a list of transportation projects that will be affected by the expansion of SH-16; and

WHEREAS, the ITD and ACHD have drafted a Memorandum of Understanding (MOU) for the transfer FY 2024 Strategic Initiative Program Grant fund along with a list of approved transportation projects.

NOW THEREFORE BE IT RESOLVED, that the Board approves the selection of ACHD as the recipient of the identified FY 2024 Strategic Initiatives Grant Program funds in the amount of \$36 million for use on local roads impacted by the expansion of SH-16.

BE IT FURTHER RESOLVED, that the Board authorizes the Director to finalize and sign the MOU between ITD and ACHD on behalf of the Idaho Transportation Department and transfer \$36 million to the ACHD.

Strategic Initiative Grant Program – Local Transportation Grant application and process. Chief Engineer Blake Rindlisbacher provided an update on the Strategic Initiative "Local Transportation" Grant Program. He reviewed changes to the application since last month. Maps from each large urban area, based on 2020 U.S. census data, were added. The maps depict boundaries for urban and rural areas to help determine project category eligibility. Category 1 - \$50 million is available for projects within a MPO area (limited to \$10 million), and Category 2 - \$50 million for projects outside a MPO area (limited to \$2 million). New language was added to Category 1 asking MPO representatives to submit a joint prioritization project list. Also, the application submittal time frame was extended to two months (July 1 – Sept. 1). The scored and ranked project list will be approved by the Board at its October 2023 meeting.

Vice Chair DeLorenzo made a motion, seconded by Member Osborn, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the legislature amended and the governor approved changes to IC ITB23-70 Section 40-719 (HB132 & SB 1189) to establish a Strategic Initiatives Grant Program for local units of government; and

WHEREAS, the legislature has appropriated \$100 million to the Idaho Transportation Department (ITD) for the period of July 1, 2023 through June 20, 2024 for the purpose of funding the Strategic Initiative Grant Program and identified; and

WHEREAS, staff has drafted Strategic Initiatives Grant Program FY 2024 Local Transportation Grant Program application, evaluation and selection guidelines; and

WHEREAS, at the conclusion of the application, evaluation and project ranking process, staff will present a list of projects to the Board for final approval.

NOW THEREFORE BE IT RESOLVED, that the Board approves FY 2024 Local Transportation Grant Program details and authorizes staff to proceed with the call for local project nominations.

Add Beacon Light Road to Brookside Lane project to the Early Development Program. District 3 Planning Manager Aaron Bauges reported the District requests adding the Beacon Light Road to Brookside Lane project to the Early Development Program in FY24. Developer Hunter Homes is contributing approx. \$3 million to widen SH-55 to a five-lane section with additional improvements estimated at \$10.7 million. ITD has an agreement with Hunter Homes, but these improvements fall outside the limits of their development and require right-of-way.

Vice Chair DeLorenzo made a motion, seconded by Member Hoff, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the Idaho Transportation Board supports the Idaho Transportation ITB23-71 Department's mission of safety, mobility, and economic opportunity; and

WHEREAS, Board Policy 4031 allows, upon request, the addition of projects into the Early Development Program of the Idaho Transportation Investment Program (ITIP); and

WHEREAS, the Idaho Transportation Department has recognized a need for coordination, plans, specifications and estimate development, environmental analysis and public outreach; and

WHEREAS, having a project in the ITIP provides maximum flexibility to work with the adjoining Developers in the area and reduces the schedule and timing risks associated with complex projects; and

WHEREAS, having a completed design and environmental clearance allows for right-of-way acquisition and the construction the project.

NOW THEREFORE BE IT RESOLVED, that the Board approves the inclusion of the Beacon Light Rd. to Brookside Ln., Boise project to the FY2023-2029 ITIP, Early Development Program with \$25,000.00 in FY24 preliminary engineering and \$250,000.00 in FY24 preliminary engineering by consultant funding for design.

Add Linder Road, Overland Road to Franklin Road, project to the Early Program. District 3 Planning Manager Bauges stated the City of Meridian approached ITD last year regarding partnering with them and ACHD on the Linder Overpass and roadway project estimated at \$17.5 million. The project will build a new Interstate overpass – extending the road to four lanes with a separate pathway. ACHD plans to widen S. Linder Road from Franklin Rd. to Overland Rd. to five lanes with pathways, and it includes two pedestrian hybrid beacons and two bridge replacements. They have committed \$5.5 million and the City of Meridian \$2.5

million. Based on feedback received from District 3, 69.3% support the project. ACHD has also engaged in community meetings. Final design is anticipated by February 2024.

Vice Chair DeLorenzo stated she spoke to the City of Meridian's mayor, along with ACHD and COMPASS, all of whom support the project.

Member Hoff made a motion, seconded by Member Kempton, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the Idaho Transportation Board supports the Idaho Transportation

Department's mission of safety, mobility, and economic opportunity; and

WHEREAS, Board Policy 4031 allows, upon request, the addition of projects into the Early Development Program of the Idaho Transportation Investment

Program (ITIP); and

WHEREAS, the Idaho Transportation Department has recognized a need for agency coordination, concept, plans, specifications and estimate development, environmental analysis, and public outreach; and

WHEREAS, having a project in the ITIP provides maximum flexibility to work with partner agencies as funding is secured and reduces the schedule and timing risks associated with complex projects; and

WHEREAS, having a completed design and environmental clearance allows for right-of-way acquisition and the construction (currently unfunded) of the project.

NOW THEREFORE BE IT RESOLVED, that the Board approves the inclusion of the I-84, Linder Rd. Overpass; Overland to Franklin project to the draft FY2024-2030 ITIP, Early Development Program with \$10,000.00 FY24 preliminary engineering funding for design.

State Highway Mitigation Avimor Agreement. Planning & Development Manager Vince Trimboli provided an update on the State Highway Mitigation Agreement with the Avimor Development. He reviewed the voluntary Avimor agreement and addressed concerns previously raised by the Board. Some highlights included Avimor will pay \$5,000 per residential unit, which is projected at \$48.5 million through 2055. Funds are for projects on SH-55 between SH-44 and Pearl Road. Changes to the agreement include reviewing the mitigation funds every 10 years, and the City of Eagle serving as the third party to collect and hold the mitigation funds – via a separate agreement between ITD and the City.

Avimor Legal Council Jeff Bower reviewed SH-55 Avimor's (Developer) and ITD's projects outlined in the agreement. There are five projects estimated at \$150 million Avimor agreed to construct at their cost. Projects include new interchanges at McLeod Way and Avimor Dr. ITD can widen SH-55 from Brookside Lane though the first canyon to Avimor Way using mitigation

funds or other locations along SH-55. Based on the estimated 300 units developed per year the annual mitigation fund is \$1.5 million. Avimor plans on building 9,700 home on 18,000 acres over the 32-year period.

In response to Member Kempton's question regarding the criteria both parties will use to come to agreement on any "reasonable calculations" for mitigation fees (Proportionate Share Fee) adjustments, Avimor Legal Council Bower cited steps outlined in the agreement. He stated Avimor is committed; however, ITD can terminate if so desired. He clarified, as plats are designed and submitted to the City of Eagle, ITD is included in that approval process. P&DM Trimboli stated ITD's staff analysis of the mitigation fee determined ITD would be even or a little bit ahead over the life of the agreement.

In response to Member Hoff's inquire about what would happen if Avimor sold the property, P&DM Trimboli stated the purchasing entity would have to honor the agreement. Member Bulger also commented the agreement states it is recorded against the property.

Member's Thompson, Osborn and Vice Chair DeLorenzo expressed support of the agreement.

Deputy Attorney Thomas clarified, that this is really a three party agreement also subject to the City of Eagle because of the annexation of Avimor. (ITD has a separate agreement with the City addressing mitigation funds.)

Member Kempton made a motion, seconded by Member Osborn, and passed unopposed by roll call vote to approve the following resolution:

RES. NO. WHEREAS, the Idaho Transportation Board is charged with considering the safety and convenience of the highway users; and

WHEREAS, it is in the intent of the Idaho Transportation Board to effectively utilize all available federal, state, local, and private capital investment funding; and

WHEREAS, the Idaho Transportation Department and the City of Eagle have agreed to enter into an Intergovernmental Agreement whereby the City of Eagle will accept and hold funding provided by Avimor for subsequent use by ITD as highway mitigation funding; and

WHEREAS; the Avimor development is about 20,000 acres of mixed use development bisected by SH-55; and

WHEREAS; Avimor Development LLC has proposed a State Highway Mitigation Agreement in lieu of future traffic impact studies to determine future highway improvements; and

WHEREAS; ITD District 3 staff finds the agreement mutually beneficial.

NOW THERFORE BE IT RESOLVED, that the Board approves staff to enter into a State Highway Mitigation Agreement with Avimor Development to help fund future highway improvements along State Highway 55 from SH-44 in Eagle to Pearl Road.

<u>2024 ITD draft agency legislation.</u> Government Affairs Manager Colby Cameron presented ITD's draft 2024 ITD legislation. To meet DFM's submittal date in August, staff will seek Board approval at the July board meeting.

- 1. Remove requirement to replace license plates every 10 years. Offset increasing program costs due to material cost escalation. Plates would remain in service as long as they are legible. Idaho State Police (ISP) is in support of this change.
- 2. Extend CDL credentials to 8 years currently, only 4-year renewals are available. Will include online discount of \$5. Renewal fees are set in statue. Federal compliance needed by November 18, 2024, requiring drug and alcohol clearinghouse checks for CDL licenses. Not currently in Idaho Code.
- Authorization for preclearance of commercial vehicles at Ports of Entry ITD can remotely monitor and allow certain trucks to bypass the ports due to advancement of technology.

In response to Member Bulger's concerns regarding law enforcement's potential to leverage license plate legibility as probable cause, GAM Colby stated ISP and those involved would provide their best level of governance. Director Stokes added this legislation acknowledges efficiency, includes involvement from various advisory boards, and has been drafted with the best interest in terms of economic opportunity for citizens.

WHEREUPON, the Idaho Transportation Board adjourned its regular monthly meeting at 2:00 p.m.

IDAHO TRANSPORTATION BOARD

RESOLUTION FOR CONSENT ITEMS

Pages 27 - 45A

RES. NO. WHEREAS, consent calendar items are to be routine, non-controversial, self-ITB23-74 explanatory items that can be approved in one motion; and

WHEREAS, Idaho Transportation Board members have the prerogative to remove items from the consent calendar for questions or discussion.

NOW THEREFORE BE IT RESOLVED, that the Board approves the Trucking Advisory Council District 2 and 5 appointments, the Freight Advisory Committee District 2 appointment, LHTAC local program additions, contracts award, contracts to reject, and to modify the Rail-Highway Crossing Program.

Background Information

The purpose of this Board Item is to add projects to the FY23-29 Idaho Transportation Investment Program (ITIP) from the most recent project application results for the following Local Programs conducted by the Local Highway Technical Assistance Council (LHTAC):

- Local Bridge Program
- Local Highway Safety Improvement Program (LHSIP)
- Local Rural Program
- Local Off-System Bridge Program

LHTAC conducted an open application period from October 2022 – January 2023. The projects were presented to the LHTAC Council on March 10, 2023 at a regularly scheduled public meeting as an action item. LHTAC staff presented details on the applications, top scoring projects and the project scoring was approved unanimously by the LHTAC Council.

The Local Rural Program was also subject to changes to Idaho Transportation Board Policy 4028, Allocation of Federal Formula Highway Apportionment to Local Public Agencies on December 15, 2022, which impacted the revenue to the program and how LHTAC would program projects in the Local Rural Program.

The Local Bridge Programs had an increase in funding due to the Infrastructure Investment and Jobs Act (IIJA), which had final program guidance released by the Federal Highway Administration on January 14, 2022. This release was after LHTAC's previous application cycle for eligible bridge projects and was incorporated in an application cycle that was open from October 2022 – January 2023.

In addition to the changes from IIJA, the Idaho Legislature has authorized \$364 million in funding for local bridges in poor and/or posted condition creating the Leading Idaho Local Bridge Program. LHTAC conducted an application period for this new state funded program in the spring of 2022.

LHTAC is seeking Board approval to add sixteen projects that have completed the application and scoring process for the previously stated Local Program administered by LHTAC. Adding the projects to the program will allow LHTAC to coordinate with the local sponsors and have the projects ready for scheduled delivery.

3000 E & Foothill Rd Curve, Twin Falls HD

RE: Justification of Bid for Award

Bids were opened on June 6, 2023 for the 3000 E & Foothill Rd Curve, Twin Falls HD. Two bids were received for the project. The low bid which was 28.5% over the Engineer's Estimate. The second bid was 62% over the Engineer's Estimate.

The Engineer's Estimate (EE) was based on recent pricing for similar projects. The most significant differences between the EE and the low bid are shown in the table below.

| ITEM | DESCRIPTION | QUANTITY | ESTIMATED PRICE | BID PRICE | DIFFERENCE |
|----------|---|------------|--------------------|------------|--------------|
| 205-005A | EXCAVATION | 4266 SY | \$35/SY | \$48/SY | \$55,458 |
| 213-010A | TOPSOIL | 10,252 SY | \$7.50/SY | \$10.00/SY | \$25,630 |
| 303-022A | 3/4" AGGR TY B FOR BASE | 2,600 TONS | \$35/TON | \$50/TON | \$39,000 |
| 308-015A | PULVERIZE EXISTING SURFACE | 6,133 SY | \$2/SY | \$15/SY | \$79,729 |
| 405-425A | SUPERPAVE HMA PAV INCL ASPH&ADD SP-2 | 1,200 TONS | \$150/TON | \$169/TON | \$22,860 |
| Z629-05A | MOBILIZATION | 1 LS | \$129,990.18 | \$258,000 | \$128,009.82 |

TOTAL \$350,686.82

Availability of local materials and specialized equipment when estimating unit prices can be challenging. Bid prices received likely reflect the need for specific equipment to be brought in to pulverize the existing surface and be mobilized from farther away than originally anticipated. It is unlikely that alterations to the plans or specifications would provide any savings to the project.

LHTAC recommends the contract be awarded to the low bidder. Funds to cover the additional cost have been designated.

RE:

BID JUSTIFICATION FOR AWARD

On June 13, 2023, ITD opened bids for the above captioned project. Two bids were received, with the low responsive bid 20% over the Engineer's Estimate.

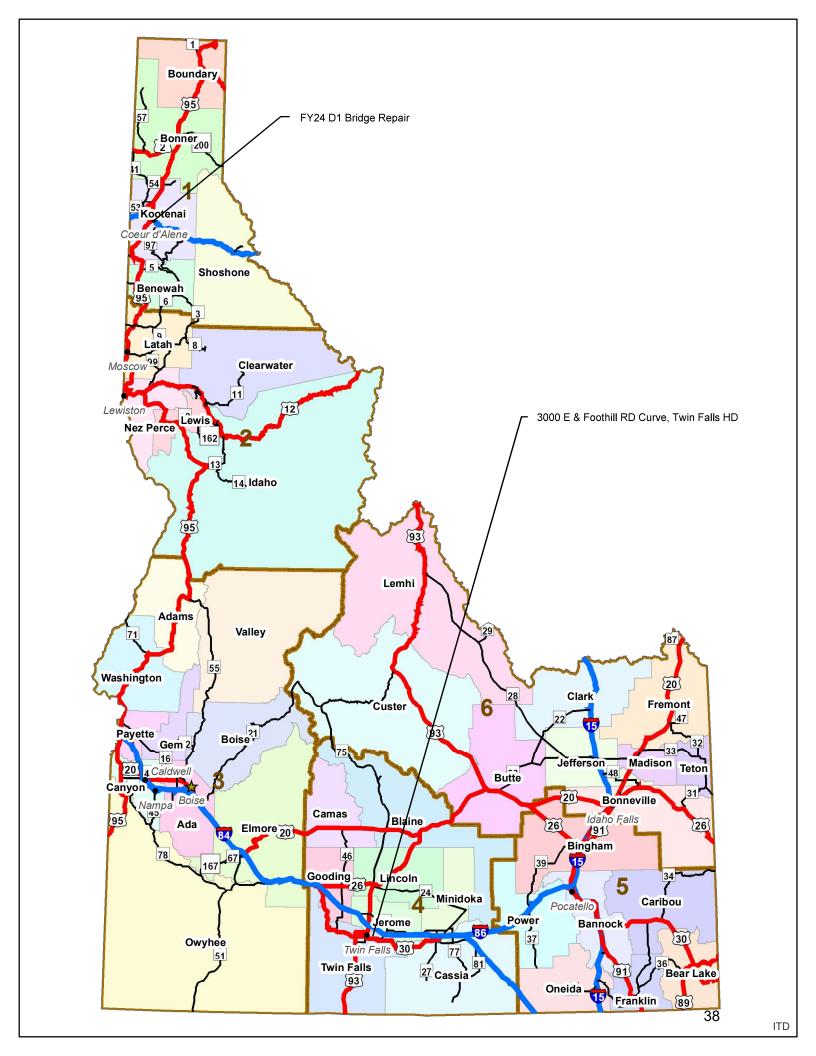

The major difference between the proposed cost of the low bidder and the Engineer's Estimate come from the bid items listed below.

| ITEM | DESCRIPTION | QTY. | ESTMATED UNIT PRICE | BID UNIT PRICE | ESTIMATED COST | BID COST | COST DIFFERENCE |
|----------|---|--------|---------------------------|-------------------|-------------------|----------------|--------------------|
| 587-005A | PAINTING STRUCTURAL STEEL GIRDERS AND CROSSFRAMES | 1.0 LS | \$716,000.00 | \$829,500.000 | \$716,000.00 | \$829,500.000 | \$113,000.00 |
| Z629-05A | MOBILIZATION | 1.0 LS | \$172,636.75 | \$365,000.00 | \$172,636.75 | \$365,000.00 | \$192,363.25 |
| | | | | To | tal difference fr | om these items | \$305,363.25 |

The estimated price for these pay items were obtained from recent similar projects and from the average unit price report EE unit prices for the 2 specific items identified above were significantly lower than the bid unit prices. The bid unit price for Z629-05A was ~211% higher than the EE unit price.

The painting structural steel item was bid at a higher unit price than the Engineer's Estimate. This is likely attributed to current material availability and containment required for lead-based paint. The mobilization item was bid at a significantly higher amount that the Engineer's Estimate. This is due to the addition of multiple bridge locations to the design. These bridges were not accounted for in the original mobilization amount included in the Engineer's Estimate.

District 1 does not believe that re-bidding of the project will result in significantly lower bids and the District recommends that this project be awarded to the responsive low bidder. Additional funds will be obtained from Statewide Balancing.

RE:

Justification for Rejection of Bid

On June 06, 2023, 1 bid was opened for the above referenced project. The low bid of \$2,540,805.13 was 29.73% higher than the Engineer's estimate. There was only 1 bid.

The following items account for most of the difference between the low bid and the Engineer's Estimate:

| Item | Description | Quantity | Estimated Unit Price | Bid Unit Price | \$ Difference |
|----------------------------------|-------------|-----------------------|----------------------|------------------|---------------|
| 403-300A Chip Seal Coat Warranty | | 369,067.000 SY \$3.00 | | \$4.60 | \$590,507.20 |
| | | | | | |
| | | | Total Difference | from these Items | \$590,507.20 |

The Engineer's Estimate was based on the average unit price index for similar projects and on observation of past experience with similar projects. The Bid Unit Price for the Item 403-300A, Chip Seal Coat Warranty, is 153% of the estimate for that item bringing the total bid to 129.73% of the Engineer's Estimate. Having reviewed the bid and any potential factors affecting the discrepancy in the Engineer's Estimate and the low bid, the district has determined that the increased bid amount is not justified.

The district recommends rejection of this contract and will review the scope and estimate and rebid in Fall for a summer 2024 construction season.

DATE OF BID OPENING – JUNE 13, 2023

IDAHO STATE FINANCED PROJECT FY24 D1 STRIPING Kootenai and Shoshone County Key No. 23791

District 1 Engineer STRIPING

for: Damon Allen, DE

RE: Justification for Rejection of Bid

On June 13, 2023, 1 bid was opened for the above referenced project. The low bid of \$677,452.96 was 162% higher than the Engineer's estimate.

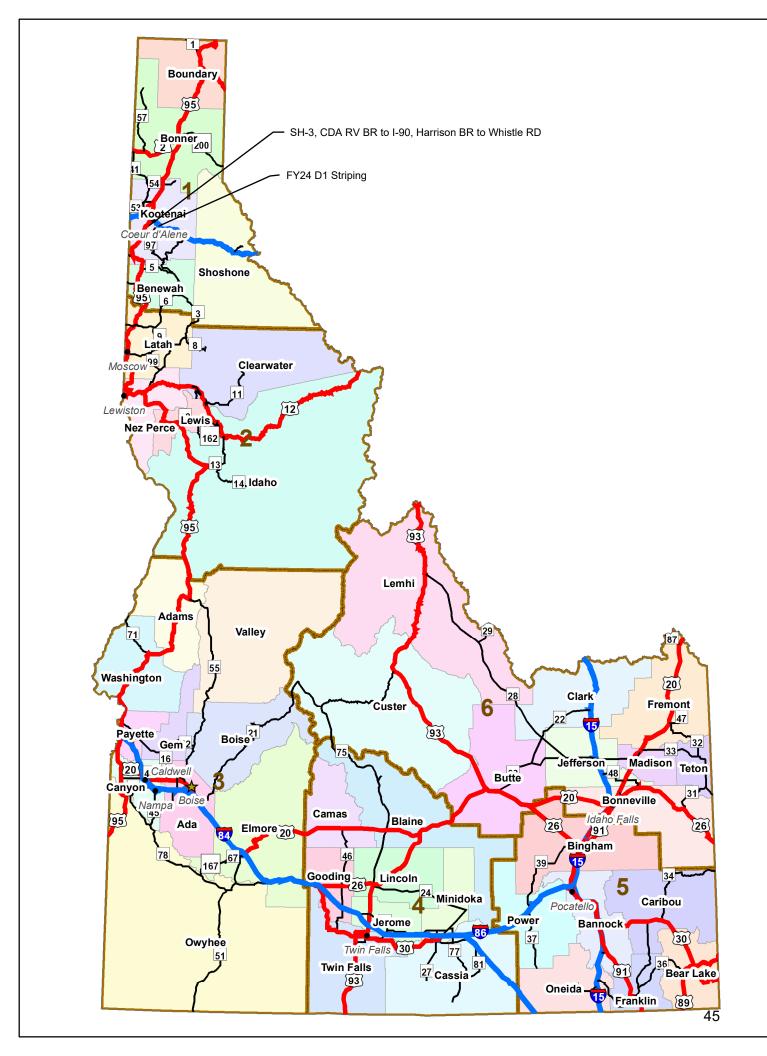

The following items account for most of the difference between the low bid and the Engineer's Estimate:

| Item | Description | Quantity | Estimated Unit Price | Bid Unit Price | \$ Difference | | | |
|----------|---|----------|-------------------------|----------------|---------------|--|--|--|
| S904-05A | SP Temporary Traffic Control | LS | \$ 10,000.00 | \$80,000.00 | \$ 70,000.00 | | | |
| S911-05A | Special longitudinal Pavement Markings (waterborne) | FT | \$315,871.78 | \$526,452.96 | \$210,581.18 | | | |
| | Total Difference from these Items \$280,581.18 | | | | | | | |

The Engineer's Estimate was based on the average unit price index for similar projects and on observation of past experience with similar projects. A similar project was bid in D2, with the same Pavement Markings item bid at \$0.10 per lineal foot. The single bidder on this project bid \$0.40 per lineal foot on this item. The district does not consider this to be a reasonable price for this item.

It is too late this calendar year to re-advertise this project. This project is very time sensitive due to the weather. This project involves striping over two mountain passes that could have rain or snow in late August which would make it impossible to stripe. The district will perform striping this season with state forces and this project will be reviewed and rescoped as a project for next calendar year.

The district recommends reject of this contract.

Part I - Agency Profile

Agency Overview

Every hour of every day – the work of the Idaho Transportation Department (ITD) touches the lives of Idahoans.

Idaho's state transportation system connects people to jobs, education, healthcare, cultural and sporting events, recreational opportunities, and family gatherings.

Modernized transportation is safer for everyone and drives economic opportunity. ITD is committed to listening to the public and working with statewide partners to deliver on timely and meaningful transportation projects.

ITD has a vision of enhancing quality of life through transportation. We are committed to improving the quality of life for people in the communities we serve by delivering on our mission of Your Safety. Your Mobility. Your Economic Opportunity.

ITD is responsible for operating and maintaining an integrated network of 12,300 lane miles of highways and roads, 1,841 bridges, 2,523 miles of Idaho Byways, and 32 state backcountry airstrips. The state highway system includes 34 rest areas and 12 fixed ports of entry. The Division of Motor Vehicles registers more than two million vehicles and trailers and is responsible for the credentials of more than a million drivers.

The department is funded through several sources, including user fees (fuel tax and vehicle registration), dedicated state sales tax, general fund revenues, and federal funds. The department's headquarters is in Boise. District offices are in Coeur d'Alene, Lewiston, Boise, Shoshone, Pocatello, and Rigby. The department is authorized for 1,648 full-time positions for FY23.

| BOARD MEMBERS | EXECUTIVE MANAGEMENT |
|---|---|
| Bill Moad, Chairman | L. Scott Stokes, Director |
| Jim Thompson, District 1 | Dan McElhinney, Chief Deputy/Chief Operations Officer |
| Gary Osborn, District 2 | Brenda Williams, Chief Innovation Experience Officer |
| Julie DeLorenzo, Vice Chair, District 3 | Mollie McCarty, Chief External Affairs Officer |
| Jim Kempton, District 4 | Dave Tolman, Chief Administrative Officer |
| John Bulger, District 5 | |
| Robert (Bob) Hoff, District 6 | |

Core Functions/Idaho Code

- Highways and Bridges plan for, construct, operate and maintain a reliable State transportation system. Also plan, develop and implement a safe, efficient, integrated multimodal transportation system including the administration and oversight of federal programs for public transportation, freight, railways, bicycles and pedestrians while managing the department's air quality, environmental, data collection and performance measurement processes. Title 40, Idaho Code.
- Administration provides department-wide management of financial systems and controls, information technology, business support and procurement. Title 40, Idaho Code.
- Human Resources provides department-wide management and support for human resource and personnel administrative functions; oversight of Civil Rights including Title VI, Equal Employment Opportunity and the Disadvantaged Business Enterprise programs as required by federal regulations.
- Motor Vehicles manages drivers' licenses, weigh-station operations and Ports of Entry, vehicle registrations and titles, over-legal permits, vehicle-dealer licensing and revenues generated. Title 49 and sections of Titles 40, 61, and 63, Idaho Code.

 Aeronautics – helps Idaho cities and counties develop aeronautics and local airports into a safe, coordinated aviation system. Manages state-owned airstrips and coordinates searches for missing aircraft. Title 21, Idaho Code.

^{*}Figures may change slightly as end-of-year numbers become available

Caseload and/or Key Services Provided

| | FY 2020 | FY 2021 | FY 2022 | FY 2023 |
|--|---------------|--------------|---------------|---------------------------|
| Idaho Population | 1.79 million | 1.82 million | 1.84 million | 1.86 million |
| Licensed Drivers | 1.27 million | 1.29 million | 1.38 million | 1.40 million |
| Vehicle Registrations | 1.86 million | 1.82 million | 1.83 million | 2.26 million ¹ |
| Annual Miles Driven ² - on State Highway System | 10.12 billion | 9.72 billion | 10.92 billion | 10.80 billion |

¹Beginning in FY23, ITD started providing actual number of vehicle registrations, which can represent multiple vehicles, instead of transaction counts.

¹Revenues and Expenditures do <u>not</u> include GARVEE & TECM bond proceeds or project costs.

²Expenditures include cash expenditures and encumbrances.

³Capital Outlay includes GARVEE & TECM debt-service payments.

⁴Strategic Initiatives Program Fund as established in Idaho Code 40-719.

⁵TECM as established in Idaho Code 40-720.

⁶CARES Act COVID-19 Fund established to track Federal expenditures and reimbursements.

⁷\$6.4 million was transferred into the State Aeronautics (AERO) Fund and \$228 million was transferred into the Strategic Initiatives Program (SIP) Fund for FY22 from the Governor's "Leading Idaho." \$35 million was transferred into the State AERO Fund and \$330 million was transferred into the SIP Fund for FY23 from the Governor's "Idaho First."

⁸\$100 million was transferred into the TECM Fund for FY22 to finance a portion of the up to \$325 million 2022A bond series for road projects.

²Data is published annually after the end of the calendar year and reported as fiscal year metric.

Licensing Freedom Act

Agencies who participate in licensure must report on the number of applicants denied licensure or license renewal and the number of disciplinary actions taken against license holders. Additionally, ITD tracks complaints against the department for each license type described below. We track dates, license type, nature of the complaint (cost, requirements, timeliness, etc.), customer contact info, and applicable additional details. We rarely receive complaints regarding the restrictiveness of licensing. In accordance with the principles of the Licensing Freedom Act, we strive to assist and support Idaho business owners to promote economic opportunity.

Notes: Classes of Licenses are described in Idaho Code 49-1606. The following classes in this chart do not contain separate counts because they are classified under a broader license class.

- 1. Distributor Branch and Factory Branch are accounted for under Distributor.
- 2. Distributor Branch Representative and Factory Branch Representative are accounted for under Distributor Representative.

| | FY 2020 | FY 2021 | FY 2022 | FY 2023 |

¹New tool, Notice of Deficiency Suspension Notice (NODS), created increase. In FY22, 245 customer issues were resolved and only 10 NODS resulted in suspensions. In FY23, 475 customer issues resolved and only 6 NODS resulted in suspension. ²The drop results from a system change on how records are maintained, which removes inactive and multiple licenses.

| State Fiscal Year 2 | 023 Financial State | ments | | |
| Key Number | District | Route Number | | |

Background Information

July 01, 2022 thru May 31, 2023, Fiscal Year 2023 Financial Statements

The financial operations of the Department as of May 31, 2023, eleven months through this fiscal year, revenue is coming in slightly below forecast year-to-date for the State Highway Account (SHA). Revenue is ahead of forecast for the Aeronautics Fund after eleven months. Expenditures in these two funds are following projected budgets.

- Revenues to the State Highway Account from all state sources as shown on the financial statements are slightly below forecast by -1.8% (this includes Misc. Revenues and Equipment Buy Back). Revenues in the Highway Distribution Account, Fuels/Registration Direct, and Ethanol are down (-1.7%). State revenues to the State Aeronautics Fund are ahead of forecast by 45.1% or \$927K.
- Expenditures are within planned budgets YTD. The differences after eleven months are timing between planned and actual expenditures plus encumbrances. Personnel costs have savings of \$6.9M or 5.2% is due to vacancies and timing between a position becoming vacant and filled. Management is working diligently to keep vacancies as low as possible.
- Contract construction cash expenditures in the State Highway Account for July May of this fiscal year are \$386.2M. Compared to the last three fiscal years through the first eleven months of the year:
 - o FY22= \$339.1M
 - o FY21= \$367.0M
 - o FY20= \$419.4M

It is important to note that contract construction projects are funded from a total of five different funds. The State Highway Account, Strategic Initiatives Program Fund, Transportation Expansion and Congestion Mitigation Fund (TECM), TECM Bond Proceeds and GARVEE Bond Proceeds. The total construction expenditures for the first eleven months from these funding sources was \$660.4M or \$184.9M higher than the highest point of the previous three years.

- o FY22= \$467.6M
- FY21= \$453.0M
- o FY20= \$475.5M

The balance of the long-term investments as of the end of May is \$177.7M. These funds are obligated against both construction projects and encumbrances. The long-term investments plus the cash balance (\$127.5M) totals \$305.2M.

Expenditures in the Strategic Initiatives Program Fund (GF Surplus), for the first eleven months, are \$53.7M. This is the fund where the Governor's "Leading Idaho" transfer of \$120M completed in July was deposited. There are no additional receipts other than interest earned to date of \$3.4M based on the cash balance.

Page 1 of 2 71

ITD 2210 (Rev. 10-13)

Deposits into the Transportation Expansion and Congestion Mitigation Fund hit the cap of \$80M at the end of March. This \$80M is the maximum amount of the sales tax that ITD will receive. Additional sales tax collected will now flow into the Local Distribution Account. Additionally, we have started to receive Cigarette Tax revenue into this fund. Currently ITD has received \$4.4M from this unanticipated revenue. The initial receipts into this fund for FY23 of \$18.4M is committed to debt service on the TECM 2022 Series Bonds. Expenditures in this fund for construction expenses on projects and debt service totals \$71.0M.

As part of the CARES Act in 2020, ITD received a federal grant from the Federal Transit Administration of \$27.3M. The first three years of expenditures for this was \$10.4M. The expenses through eleven months of FY23 is \$4.0M, for a total expenditure of \$14.4M since the beginning of the grant.

Expenditures from the two active bond programs were \$103.2M for the TECM Capital Projects fund and \$71.7M for the GARVEE Capital Projects fund. Both programs are very active and advancing as planned.

Background Information

General Background

Professional service agreements through ITD HQ Consultant Services Group within Highway Design Section follow three different processes based on the size of agreement. Small professional services agreements less than \$100,000 are procured through a Direct Selection process. Professional services agreements between \$100,000 and \$500,000 are secured through a Request for Information (RFI) process which short lists consultants from a prequalified consultant registry referred to as the Term Agreement list. Professional service agreements greater than \$500,000 are solicited through a formal Request for Proposal. In all cases, professional services agreements are secured using a qualification based system rather than a competitive low bid basis used for typical construction contracts.

Board Policy 4001 delegates authority to approve routine engineering agreements of up to \$1M to the Director or another designee. Any agreements larger than this amount must be approved by the Board. The purpose of this Board item is to request approval for agreements larger than \$1M.

The large size of the agreements listed are often anticipated and necessary due to the complexity and magnitude of the associated construction projects. In many instances, the original intent is to solicit the consultant service in phases allowing for greater flexibility for the Department, limited liability, and better design after additional information is obtained. In other cases, such as for Construction Engineering and Inspection services one single agreement over \$1M may be issued allowing for continuity of the inspector.

Project Specific Details

The purpose of this agenda item, per Board Policy 4001, is to seek Board approval for agreement authority to exceed \$1M on the Horrocks professional services agreement for the I-84 Karcher IC, Karcher to Middleton Rd, Canyon County project.

The purpose of this project is to improve safety and mobility at the I-84 Karcher Interchange (Exit 36) by adding a free running right to the westbound off-ramp intersection and continuing the additional lane west across the interchange to terminate at Sundance Road. The I-84 interchange bridge will be widened to accommodate the additional lane. The project includes bicycle and pedestrian improvements along SH-55 and at the eastbound on-ramp, traffic signal modifications, and a mill/inlay through the project limits. The improvments will add capacity to the Karcher Interchange to meet 2045 traffic forecasts.

In June 2023, through Request for Proposal (RFP), Horrocks was selected to provide Construction Engineering and Inspection (CE&I) services. The project will go out for advertisement in July 2023 with construction anticipated to begin in fall 2023. The project is estimated to take one year to constr**9δ**t.

These services are estimated to be approximately \$1,600,000. This is approximately 9% of the estimated construction cost of the project.

Currently, there is \$1,300,000 scheduled in FY24. The full \$1.6M will be obligated at the same time as construction funds. No agreement will be issued without enough scheduled funding.

RESOLUTION

WHEREAS, Board Policy 4001 requires the Transportation Board to approve professional services agreements that exceed \$1 million; and

WHEREAS, District 3 will administer this project; and

WHEREAS, the agreement will not be written until the funding has been scheduled and obligated.

NOW THEREFORE BE IT RESOLVED, that the Board approves Project No. 23336, I-84, Karcher Interchange, Karcher to Middleton Road, Canyon County, to exceed the \$1 million agreement authorization for consultant services up to \$1,600,000.

RESOLUTION

WHEREAS, Board Policy 4001 requires the Transportation Board to approve term agreements that exceed \$1,500,000; and

WHEREAS, District 2 will administer this project; and

WHEREAS, funding has been obligated for this agreement.

WHEREAS, it is anticipated that future services beyond this agreement will be required of Jacobs.

NOW THEREFORE BE IT RESOLVED, that the Board approves Jacobs to exceed their term agreement limit on Project No. 9294, US-95, Thorn Creek Road to Moscow, up to \$1,800,000.

RES. NO. WHEREAS, the Idaho Transportation Board is authorized to expend funds appropriated for construction, maintenance, and improvement of state highways; and

WHEREAS, the Board is charged with considering the safety and convenience of the highway users; and

WHEREAS, that ITD will enter into a state/local agreement to share project costs with Idaho Department of Parks and Recreation, Farragut State Park for intersection improvements and roadwork portion of the project.

NOW THEREFORE BE IT RESOLVED, that the Board approves \$1.8 million funding for the ITD portion of the project from the FY24 Board Unallocated Fund, and to add a project to FY24 of the FY23-29 ITIP to fund the project.

BE IT FURTHER RESOLVED, that the Board authorizes staff to enter into an agreement with the Idaho Department of Parks and Recreation, Farragut State Park for the completion of the SH-54 and Brig Road intersection improvements project.

| 2024 ITD Draft Agency Legislation | | | | | | | | |
| Key Number | District | Route Number | | | | | | |
| 1 | 1 1 | | | Į. | | | | |

Background Information

The three attached draft legislative proposals correspond with the four legislative ideas presented to the Board in May. The 2024 proposed legislative drafts are due to the Governor's Office and Division of Financial Management (DFM) in early August.

The goal of these ideas/drafts is to benefit the citizens of Idaho by offering increased economic opportunity and safety. Following each idea below we wanted to highlight the expected benefits to the citizens of Idaho

The potential 2024 legislative proposals are:

1. Remove requirement to replace license plates every 10 years

Reason: Due to the increased cost of aluminum and other goods, the cost of the license plate program is increasing. Those increases could lead to increased customer prices for license plates. To mitigate this, the proposed legislation would remove the requirement to replace plates every 10 years and allow plates to remain in service as long as they are legible. Staff vetted this draft with the Idaho State Police and will share it with other stakeholders as well.

Savings to Citizens: The annual savings to citizens will be approximately \$1,100,000, based on producing 300,000 less license plates per year.

2. Extend CDL (Commercial Drivers Licenses) credentials to 8 years; Drug and Alcohol Clearinghouse check for CDL licenses; \$5 renewal fee reduction for online renewals

Reason: This draft has 3 parts

- 8-year CDL: currently CDL driver's may only obtain 4-year licenses. Extending CDL licenses to 8 years confers a broad benefit to the trucking industry.
- \$5 reduction for online renewals: the draft legislation also reduces online renewal fees by \$5. The fees are set in statute and need to be changed. Allowing an online discount encourages people to skip the trip and fulfills customer demand for efficient renewal options.
- Drug and Alcohol Clearinghouse check for CDL licenses: by November 18, 2024, to comply with federal statute, Idaho must check the federal drug and alcohol clearinghouse prior to completing any commercial driver's license transaction. Idaho Code does not currently reflect this requirement.

Savings to Citizens: By FY27, if online adoption reaches 50%, citizens will save approximately \$900,000 annually.

3. Authorization for preclearance of commercial vehicles at ports of entry

Reason: Authorization for preclearance at ports: Idaho Code requires all trucks to stop at the port of entry. The department is seeking to change the requirement and allow for the use of current technology. Due to the advancement of technology the department can remotely monitor and allow certain trucks to bypass ports. Allowing certain trucks to bypass ports affords significant convenience to the trucking industry and improves department efficiency.

ITD 2210 (Rev. 10-13)

| Savings to Industry: Allowing bypasses affords industry an annual savings of \$11.3 million. This is based on the current Weigh-In-Motion practices, which allowed 1.3 million trucks to lawfully bypass the ports of entry in FY23. The industry standard measure of savings is for each truck allowed to lawful bypass a port is \$8.68. | | | | | |

Draft 6.14.23

Remove requirement to replace license plates every 10 years

49-402C. SPECIAL LICENSE PLATE PROGRAMS -- STANDARDIZED PLATE COLOR AND DESIGN.

(7) With respect to a special license plate that has been discontinued prior to July 1, 2020, or is discontinued after that date for any reason, any existing plates may be renewed upon their expiration until the physical license plates must be replaced pursuant to section 49-443(2), Idaho Code. No duplicate or replacement plates will be produced if such plates are lost or damaged.

49-428. DISPLAY OF PLATE AND STICKERS. (1) License plates assigned to a motor vehicle shall be attached, one (1) in the front and the other in the rear, with the exception of the following:

- (a) The license plate assigned to a motorcycle, all-terrain vehicle, utility type vehicle, motorbike or semitrailer and the license plate assigned to a motor vehicle operated by a manufacturer, repossession agent or dealer shall be attached to the rear.
- (b) Vehicles displaying year of manufacture, old timer, classic car, street rod, or custom vehicle license plates shall be allowed to display one (1) plate attached to the rear of the vehicle.
 - (c) The license plate attached to a tractor shall be attached to the front.
- (d) The wrecker plate shall be displayed on the vehicle being towed in such a manner as to be visible when the vehicle being towed is approached from the rear.

License plates shall be displayed during the current registration year. The annual registration sticker for the current registration year shall be displayed on each license plate, except for trailers, semitrailers, and commercial vehicles over twenty-six thousand (26,000) pounds under the provisions of sections 49-434 and 49-435, Idaho Code. For the purposes of this title, the license plates together with the registration stickers shall be considered as license plates for the year designated on the registration sticker. For purposes of this chapter, a validation sticker issued to the operator of an all-terrain vehicle, utility type vehicle, or motorbike under the provisions of sections 67-7122 and 67-7124, Idaho Code, shall be considered the registration sticker.

(2) Every license plate shall at all times be securely fastened to the vehicle to which it is assigned to prevent the plate from swinging, be at a height not less than twelve (12) inches from the ground, measuring from the bottom of the plate, be in a place and position to be clearly visible, and be maintained free from foreign materials and in a condition to be clearly legible, and all registration stickers shall be securely attached to the license plates and shall be displayed as provided in section 49-443(4), Idaho Code.

49-443. LICENSE PLATES TO BE FURNISHED BY DEPARTMENT -- FORM AND CONTENTS.

(1) The assessor or the department shall furnish to every owner whose vehicle is registered or licensed by that office, pursuant to sections 49-402 and 49-402A, Idaho Code, one (1) license plate for vehicles registered under the provisions of section 49-406, 49-406A or 49-408, Idaho Code, or a motorcycle, trailer, truck-tractor, or semitrailer; one (1) restricted vehicle license plate for all-terrain vehicles, utility type vehicles and motorbikes licensed pursuant to this chapter; and two (2) license plates for every other motor vehicle. If a vehicle is issued one (1) plate only, that plate shall be displayed in accordance with the provisions of section 49-428, Idaho Code. For vehicles registered under the provisions of section 49-407, Idaho Code, the applicant shall provide one (1) plate to be displayed on the rear of the vehicle.

Commencing January 1, 1992, the color and design of the plates shall be comparable to the color and design of the statehood centennial issue of license plates with blue numerals and letters on a multicolored red, white and blue background. Each license plate must bear upon its face the inscriptions

"Famous Potatoes" and "Scenic Idaho." The restricted vehicle license plate for all-terrain vehicles, utility type vehicles and motorbikes shall be a white background with black numerals and letters, with "Idaho Restricted Vehicle" and the year of its expiration on its face and no other inscription. The restricted vehicle license plate shall be the same size required for the motorcycle license plate.

Every license plate shall have displayed upon it the registration number assigned to the vehicle and its owner and the name "Idaho," which may be abbreviated. The plates issued under the provisions of this chapter section 49-402(1), Idaho Code, and the required letters and numerals, including an identification of the county in which the motor vehicle to which the plates will be affixed is registered, shall be of sufficient size to be plainly readable from a distance of seventy-five (75) feet during daylight, and each license plate and registration sticker shall be treated with a fully reflectorized material according to specifications prescribed by the board.

- (2) License plates shall be valid for as long as they are readable, legible, and can comply with 49-428. a period of ten (10) years beginning with the date of issuance of new plates. At the end of the ninth year, the registered owner shall receive notice of the date upon which the plates will expire. For specialty license plate programs discontinued pursuant to the provisions of section 49-402C, Idaho Code, a registrant with a specialty license plate currently registered under the program may use such license plate for up to ten (10) years from the date of issuance. This provision is intended to permit the use of the specialty plate by the registrant regardless of the number of persons who purchase the specialty plate. The registrant shall be required to pay the special plate program fees provided for specialty plates pursuant to this chapter. Such fees shall be deposited into the state highway account. For purposes of section 49-434, Idaho Code, as it applies to commercial vehicles, and section 49-435, Idaho Code, the department shall provide new plates bearing the same number or, upon request from the registered owner, the next available number.
- (3) If a license plate number has expired as provided in subsection (2) of this section and is If registration is not renewed within sixty (60) days of its expiration, the related plate number shall be available for use by another registrant. To obtain a specific number in the recycled license plate number file, the owner of a registered vehicle may contact the county regarding availability. The provisions of this subsection shall apply only to vehicles registered under the provisions of section 49-402(1), Idaho Code, and section 49-434(1), Idaho Code, as it applies to noncommercial vehicles.
- (4) License plates issued for vehicles required to be registered in accordance with the provisions of sections 49-402 and 49-402A, Idaho Code, shall be issued color-coded red, white or blue registration validation stickers showing the year of registration. Each registration validation sticker shall bear a number from 1 through 12, which number shall correspond to the month of the calendar year in which the registration of the vehicle expires and shall be affixed to the lower right-hand corner of the plates within the outlined rectangular area.
- (5) License plates for utility trailers registered under the provisions of section 49-402A, Idaho Code, that are issued for five (5) or ten (10) years and license plates for rental utility trailers registered under the provisions of section 49-434, Idaho Code, that are issued for up to five (5) years shall use the design in effect on the date of manufacture. If a design change occurs, plates from the effective date of the design change shall be manufactured using the new design. Unexpired plates need not be reissued to conform to a design change.
- (6) For license plates that are lost, stolen, mutilated, or illegible, the owner shall apply for a duplicate or substitute. The assessor shall also furnish for each registration, and to validate the license plate, a pressure-sensitive, uniquely numbered, color-coded red, white or blue registration sticker, except for trailers and semitrailers registered under the provisions in section 49-434, Idaho Code. License plates issued for state, county and city motor vehicles shall be valid for ten (10) years pursuant to subsection (2) of this section and remain on the vehicle for which issued from year to year and need no renewal or validation sticker.

- (7) Whenever a vehicle is completely destroyed by fire or accident and the operator submits satisfactory proof of that destruction to the department or appropriate assessor's office, or the owner wishes to transfer the remaining registration, use increment and fees shall be transferred to the replacement vehicle for a service transfer fee of five dollars (\$5.00), which fee shall be retained by the registering authority. None of the original fees shall be subject to refund.
- (8) The department shall furnish a printed or an electronic copy of the registration card to every owner whose vehicle is registered under sections 49-434 and 49-435, Idaho Code.
- (9) The board shall have authority to require the return to the department of all license plates and registration stickers upon termination of the lawful use of them by the owner.
- (10) The board may promulgate such rules as are necessary to implement the provisions of this section.

49-443B. LICENSE PLATES FOR STATE VEHICLES AND VEHICLES BELONGING TO TAXING DISTRICTS. (1) License plates for state vehicles and vehicles belonging to taxing districts shall be valid for a period of ten (10) years pursuant to section 49-443(2), Idaho Code, and shall remain on the vehicle to which it is issued until transferred to another vehicle or until it is canceled by the department. The department shall be reimbursed by state agencies and the taxing districts for the cost of providing license plates. The department may develop rules to administer this license plate program.

Draft 6.27.23

Extend CDL credentials to 8 years; Drug and Alcohol Clearinghouse check for CDL licenses; \$5 renewal fee reduction for online renewals

49-306. APPLICATION FOR DRIVER'S LICENSE, INSTRUCTION PERMIT, COMMERCIAL LEARNER'S PERMIT OR RESTRICTED SCHOOL ATTENDANCE DRIVING PERMIT.

- (1) Every application for any instruction permit, restricted school attendance driving permit, or for a driver's license shall be made upon a form furnished by the department and shall be verified by the applicant before a person authorized to administer oaths. Officers and employees of the department, agents authorized by the department, and sheriffs and their deputies are authorized to administer the oaths without charge.
- (2) Every application for a permit, extension, or driver's license, or knowledge test shall be accompanied by the following a non-refundable fee shown in the following list., none of which is refundable: Fee portions identified as going to the current expense fund will be retained by the issuing entity. If the issuing entity is the department or an agent authorized by the department, other than the county, this fee portion will be deposited in the state highway account. All other remaining fee portions shall be remitted to the state treasurer. If the fee is collected by a county, all remaining fee portions shall be paid over to the county treasurer and the county treasurer shall remit to the state treasurer not less than monthly. The state treasurer shall immediately allocate these fees in accordance with the schedule identified following each fee:
 - a. Class A, B, C (4-year) license with endorsements —age 21 years and older: \$40 i. \$5 to the current expense fund ii. \$2 to emergency medical services fund II iii. \$4 to emergency medical services fund III iv. \$28 to state highway account v. \$1 to motorcycle safety program fund b. (3) The fee for any electronic driver's license renewal allowed pursuant to section 49-319(10), Idaho Code, shall be five dollars (\$5.00) less than the applicable application fee prescribed in subsection two (2) of this section. This fee reduction shall be accounted for by subtracting five dollars (\$5.00) from the portion of fees retained by the department.

- (24) A person who applies for a driver's license or a driver's license renewal may designate a voluntary contribution of two dollars (\$2.00) for the purpose of promoting and supporting organ donation. Such a contribution shall be treated as a voluntary contribution to the organ donation contribution fund created in section 49-2447, Idaho Code, and not as a driver's license fee. Each voluntary contribution shall be deposited into the organ donation contribution fund created in section 49-2447, Idaho Code.
- (35) Every application shall state the true and full name, date of birth, sex, declaration of Idaho residency, Idaho residence address and mailing address, if different, of the applicant, height, weight, hair color, and eye color, and the applicant's social security number as verified by the social security administration. If an applicant has submitted an application pursuant to the provisions of chapter 58, title 19, Idaho Code, then the applicant may state, in his or her application pursuant to this section, the applicant's alternative Idaho mailing address in place of his or her Idaho residence address and mailing address. Notwithstanding the provisions of section 49-303(13), Idaho Code, an applicant for a nondomiciled class A, B or C driver's license or nondomiciled commercial learner's permit having residency in a state that is prohibited from issuing class A, B or C driver's licenses or commercial learner's permits, as provided in 49 CFR 384, is excepted from providing proof of Idaho residency and an Idaho mailing address.
- (a) The requirement that an applicant provide a social security number as verified by the social security administration shall apply only to applicants who have been assigned a social security number.
- (b) An applicant who has not been assigned a social security number shall:

- (i) Present written verification from the social security administration that the applicant has not been assigned a social security number; and
- (ii) Submit a birth certificate, passport or other documentary evidence issued by an entity other than a state or the United States; and
- (iii) Submit such proof as the department may require that the applicant is lawfully present in the United States.

A driver's license, commercial learner's permit or any instruction permit issued on and after January 1, 1993, shall not contain an applicant's social security number. Applications on file shall be exempt from disclosure except as provided in sections 49-202, 49-203, 49-203A and 49-204, Idaho Code.

- (c) Every application for a class A, B or C license shall state where the applicant has been licensed for the preceding ten (10) years and under which of the following driving categories the applicant will operate:
- (i) Non-excepted interstate. The applicant operates or expects to operate in interstate commerce, and is required to provide a medical examiner's certificate;
- (ii) Excepted interstate. The applicant operates or expects to operate in interstate commerce, but engages exclusively in transportation or operations excepted by the federal motor carrier safety administration from all or parts of the qualification requirements of federal motor carrier safety regulation 49, part 391, and is therefore not required to provide a medical examiner's certificate;
- (iii) Non-excepted intrastate. The applicant operates only in intrastate commerce and is subject to and meets all Idaho driver qualification requirements and the applicable parts of federal motor carrier safety regulation 49, part 391, and is required to provide a medical examiner's certificate; or
- (iv) Excepted intrastate. The applicant operates in intrastate commerce, but engages exclusively in exempted transportation or operations as listed in section 67-2901B(2), Idaho Code, and the applicable parts of federal motor carrier safety regulation 49, part 391, and is therefore not required to provide a medical examiner's certificate.

All applications shall also state whether the applicant has previously been licensed as a driver, and if so, when and by what state or country, and whether a driver's license or privileges have ever been suspended, revoked, denied, disqualified, canceled or whether an application has ever been refused, and if so, the date of and reason for the suspension, revocation, denial, disqualification, cancellation or refusal and the applicant's oath that all information is correct as signified by the applicant's signature.

- (d) The applicant must submit proof of identity and citizenship status acceptable to the examiner or the department and date of birth as set forth in a certified copy of his birth certificate. When a certified copy of his birth certificate or a delayed birth certificate is impossible to obtain from a vital statistics agency, another government-issued document may be submitted that provides satisfactory evidence of a person's full legal name and date of birth acceptable to the examiner or the department. (e) Every applicant for a class A, B or C driver's license or commercial learner's permit shall provide proof of United States citizenship or lawful permanent residency in the United States upon application for issuance, transfer, upgrade or renewal, unless the applicant's driving record already contains documentation confirming United States citizenship or lawful permanent residency. Every applicant for a nondomiciled class A, B or C driver's license or commercial learner's permit domiciled in a foreign country must provide an unexpired employment authorization document issued by the department of homeland security or an unexpired foreign passport accompanied by an approved I-94 form documenting the applicant's most recent admittance into the United States.
- (f) Individuals required to register in compliance with section 3 of the federal military selective service act, 50 U.S.C. App. 451 et seq., as amended, shall be provided an opportunity to fulfill such registration requirements in conjunction with an application for a driver's license, commercial

learner's permit or instruction permit. Any registration information so supplied shall be transmitted by the department to the selective service system.

- (46) Whenever an application is received from a person previously licensed in another jurisdiction, the department shall request a copy of the driver's record from the other jurisdiction and shall contact the national driver register. When received, the driver's record from the previous jurisdiction shall become a part of the driver's record in this state with the same force and effect as though entered on the driver's record in this state in the original instance.
- (57) Whenever the department receives a request for a driver's record from another licensing jurisdiction, the record shall be forwarded without charge.
- (68) The department shall contact and notify the commercial driver license information system of the proposed application for a class A, B or C driver's license or commercial learner's permit to ensure identification of the person and to obtain clearance to issue the license.
- (7) When the fees required under this section are collected by a county officer, they shall, except as provided in subsection (8) of this section, be paid over to the county treasurer not less often than monthly, who shall immediately:
- (a) Deposit an amount equal to five dollars (\$5.00) from each commercial license, ten dollars (\$10.00) from each driver's license except an eight year class D license, or any class D instruction permit application fees, application for a duplicate driver's license or permit, classification change, seasonal driver's license and additional endorsement, and fifteen dollars (\$15.00) from each eight-year class D driver's license, in the current expense fund;
- (b) Deposit two dollars and fifty cents (\$2.50) from each motorcycle endorsement and motorcycle endorsement instruction permit fee in the current expense fund;
- (c) Deposit an amount equal to five dollars (\$5.00) from each fee for a knowledge test in the current expense fund;
- (d) Deposit an amount up to twenty-five dollars (\$25.00) from each fee for a motorcycle endorsement skills test in the current expense fund; provided however, if a contractor administers the skills test he shall be entitled to the entire fee;
- (e) Remit the remainder to the state treasurer; and
- (f) Deposit up to twenty-eight dollars and fifty cents (\$28.50) from each fee for a class D skills test into the county current expense fund, unless the test is administered by a department-approved contractor, in which case the contractor shall be entitled to up to twenty-eight dollars and fifty cents (\$28.50) of each fee.
- (8) When the fees required under this section are collected by the department or an agent authorized by the department, they shall be paid over to the state treasurer. When the department or an agent authorized by the department collects the fees required under this section, the portion of fees to be retained by the county shall be retained by the issuing authorized agent.
- (9) The state treasurer shall distribute the moneys received from fees imposed by the provisions of this section, whether collected by a county officer or by a state officer or agency as follows:
- (a) Two dollars (\$2.00) of each fee for a four-year driver's license or seasonal driver's license, and four dollars (\$4.00) of each fee for an eight-year class D driver's license, and one dollar and fifty cents (\$1.50) of each fee charged for driver's licenses pursuant to subsection (1)(b), (d) and (e) of this section, and fifty cents (50¢) of each fee charged for driver's licenses pursuant to subsection (1)(c) and (f) of this section shall be deposited in the emergency medical services fund II created in section 56-1018A, Idaho Code, and four dollars (\$4.00) of each fee charged pursuant to subsection (1)(a), (g) and (s) of this section and eight dollars (\$8.00) of each fee charged pursuant to subsection (1)(h) of this section and three dollars (\$3.00) of each fee for driver's licenses pursuant to subsection (1)(b), (d) and (e) of this section, and one dollar (\$1.00) of each fee charged for driver's licenses

pursuant to subsection (1)(c) and (f) of this section shall be deposited in the emergency medical services fund III created in section 56-1018B, Idaho Code;

- (b) Twenty eight dollars (\$28.00) of each fee for a seasonal or class A, B or C driver's license, and nineteen dollars and fifty cents (\$19.50) of each fee charged for a license pursuant to subsection (1)(b) of this section, and eight dollars and sixteen cents (\$8.16) of each fee charged for a license pursuant to subsection (1)(c) of this section shall be deposited in the state highway account;
- (c) Twenty dollars (\$20.00) of each fee for a commercial learner's permit or driver's license classification change shall be deposited in the state highway account;
- (d) Four dollars (\$4.00) of each fee for a commercial learner's permit shall be deposited in the emergency medical services fund III created in section 56-1018B, Idaho Code;
- (e) Ten dollars (\$10.00) of each fee for a duplicate seasonal or class A, B or C driver's license, class A, B or C driver's license extension, or additional endorsement shall be deposited in the state highway account:
- (f) Seven dollars and fifty cents (\$7.50) of each fee for a motorcycle endorsement and motorcycle endorsement instruction permit shall be deposited in the state highway account;
- (g) Five dollars and thirty cents (\$5.30) of each fee for a four year class D driver's license, and ten dollars and sixty cents (\$10.60) of each fee for an eight year class D driver's license, and four dollars (\$4.00) of each fee charged for a license pursuant to subsection (1)(d) and (e) of this section, and one dollar and thirty-three cents (\$1.33) of each fee charged for a license pursuant to subsection (1)(f) of this section shall be deposited in the driver training account;
- (h) Twelve dollars and seventy cents (\$12.70) of each fee for a four-year class D driver's license, and twenty dollars and forty cents (\$20.40) of each fee for an eight year class D driver's license, and ten dollars and fifty cents (\$10.50) of each fee charged for a license pursuant to subsection (1)(d) and (e) of this section, and six dollars and eighty-three cents (\$6.83) of each fee charged for a license pursuant to subsection (1)(f) of this section shall be deposited in the highway distribution account;
- (i) Two dollars and sixty cents (\$2.60) of each fee for a class D instruction permit, duplicate class D license or permit, and class D license extension shall be deposited in the driver training account;
- (j) Seven dollars and forty cents (\$7.40) of each fee for a class D instruction permit, duplicate class D license or permit, and class D license extension shall be deposited in the highway distribution account; (k) Ten dollars (\$10.00) of each fee for a class A, B or C skills test shall be deposited in the state highway account;
- (I) One dollar (\$1.00) of each fee for a class A, B, C or four-year D driver's license, and two dollars (\$2.00) of each fee for an eight-year class D driver's license, and one dollar (\$1.00) of each fee charged for a license pursuant to subsection (1)(b), (d) and (e) of this section, and thirty-four cents (34¢) of each fee charged for a license pursuant to subsection (1)(c) and (f) of this section shall be deposited in the motorcycle safety program fund established in section 33-4904, Idaho Code;
- (m) Six dollars and fifty cents (\$6.50) of each fee for a class D skills test shall be deposited into the state highway account; and
- (n) Each voluntary contribution of two dollars (\$2.00) as described in subsection (2) of this section, less actual administrative costs associated with collecting and transferring such contributions, shall be deposited into the organ donation contribution fund created in section 49-2447, Idaho Code.
- (9) The department shall request information from the drug and alcohol clearinghouse to determine whether an applicant for any class A, B, or C driver's license or commercial learner's permit is eligible for the credential.
- (10) The contractor administering a class A, B or C skills test shall be entitled to not more than one hundred ninety dollars (\$190) of the skills test fee. A contractor administering a class A, B or C skills test may collect an additional fee for the use of the contractor's vehicle for the skills test.

(11) Sixty dollars (\$60.00) of each restricted driving permit and each restricted school attendance driving permit shall be deposited in the state highway account.

- (112) The department may issue seasonal class B or C driver's licenses to drivers who are employees of agri-chemical businesses, custom harvesters, farm retail outlets and suppliers, and livestock feeders that:
- (a) Will only be valid for driving commercial vehicles that normally require class B or C commercial driver's licenses;
- (b) Will be valid for seasonal periods that begin on the date of issuance and that are not to exceed one hundred eighty (180) days in a twelve (12) month period;
- (c) May only be obtained twice in a driver's lifetime;
- (d) Are valid only within a one hundred fifty (150) mile radius of the place of business or farm being serviced; and
- (e) Will be valid only in conjunction with valid Idaho class D driver's licenses.
 - (123) The department may issue seasonal class B or C driver's licenses to drivers who:
- (a) Have not violated the single license provisions of applicable federal regulations;
- (b) Have not had any license suspensions, revocations or cancellations;
- (c) Have not had any convictions in any vehicle for any offense listed in section 49-335(1) or (2), Idaho Code, or any one (1) serious traffic offense;
- (d) Have at least one (1) year of driving experience with a class D or equivalent license in any type motor vehicle; and
- (e) Are at least sixteen (16) years old.
- 49-319. EXPIRATION AND RENEWAL OF DRIVER'S LICENSE. (1) Every noncommercial Idaho driver's license issued to a driver shall expire and be renewable as follows:
- (a) For drivers twenty-one (21) years of age or older, the driver's license shall expire on the licensee's birthday in the fourth year following the issuance of the driver's license.
- (b) At the option of the applicant, for drivers twenty-one (21) years of age through sixty-two (62) years of age, the driver's license shall expire on the licensee's birthday in either the fourth year or the eighth year following the issuance of the driver's license.
- (c) Except for the provisions found in subsections (1)(e) and (3) of this section, every driver's license issued to a driver under eighteen (18) years of age shall expire five (5) days after the licensee's eighteenth birthday.
- (d) Except for the provisions found in subsections (1)(e) and (3) of this section, every driver's license issued to a driver eighteen (18) years of age but under twenty-one (21) years of age shall expire five (5) days after the licensee's twenty-first birthday.
- (e) Every driver's license that is not, as provided by law, suspended, revoked or disqualified in this state or any other jurisdiction shall be renewable on or before its expiration, but not more than twenty-five (25) months before, upon application, payment of the required fee and satisfactory completion of the required vision screening. Notwithstanding the provisions of this section, a person who has had his noncommercial Idaho driver's license suspended may renew his driver's license as provided in this section, which renewal shall be subject to the suspension.
- (2) Except for the provisions found in subsection (3) of this section, at the option of the applicant, every commercial driver's license issued to a person twenty-one (21) years of age or older through sixty-two (62) years of age shall expire on the licensee's birthday in the fourth or eighth year following issuance of the license. and Aany class A, B or C license issued to a person eighteen (18), nineteen (19) or twenty (20) years of age shall expire five (5) days after the licensee's twenty-first birthday. There shall be no option for an eight (8) year class A, B or C license.

- 49-322. AUTHORITY OF DEPARTMENT TO CANCEL <u>AND DOWNGRADE</u> DRIVER'S LICENSE OR INSTRUCTION PERMIT. (1) The department shall cancel any driver's license, restricted school attendance driving permit, or instruction permit upon determining that the licensee or permittee was not entitled to the issuance of the driver's license or instruction permit, or that the licensee or permittee failed to give the required or correct information in his application, or committed fraud in making the application.
- (2) Upon a cancellation, the licensee or permittee shall surrender the canceled driver's license or canceled instruction permit to the department.
- (3) The department shall cancel a person's commercial driver's license upon determining that the class A, B or C licensee has falsified information. Upon cancellation of a class A, B or C driver's license, the licensee shall be disqualified from operating a commercial motor vehicle for a period of sixty (60) days.
- (4) The department shall decertify the medical status and initiate a downgrade of any driver who is required by the federal motor carrier safety administration to maintain a medical examiner's certificate and/or medical exemption letter or skill performance evaluation certificate upon determining the person's medical certification has expired or has been revoked or canceled. The department shall change the person's driving status in the driver record to "not-certified," within ten (10) days and shall mail a notification letter regarding the pending decertification and downgrade action to the driver's last known address. The downgrade action shall occur no more than sixty (60) days from the date the "not-certified" status is posted to the record. Drivers can remove the "not-certified" medical status from their driving record by presenting a current and valid medical examiner's certificate and/or medical exemption letter or skill performance evaluation certificate to the department or by submitting an application to the department requesting their medical status be changed to "Excepted."
- (5) The department shall remove and, when applicable, subsequently reinstate a driver's commercial driving privileges upon receiving notification of a driver's status change in the drug and alcohol clearinghouse.
- 5-6) When a driver's license has been canceled for reasons of impairment, incompetence or inability of the licensed driver to operate a motor vehicle safely as provided in section 49-303 or 49-326, Idaho Code, and the licensee has voluntarily surrendered his driver's license, or when a licensed driver requests cancellation of his license for any of the same reasons stated in this subsection and he voluntarily surrenders his license, the licensee may be eligible for a no-fee identification card as provided in section 49-2444, Idaho Code.

Draft 6.14.23

Authorization for preclearance of commercial vehicles at ports of entry

40-511. STOPPING AND INSPECTION. (1) Wherever by the laws of the state of Idaho any vehicle with a maximum gross weight or registered gross weight, or operated at a gross weight, of twenty-six thousand one (26,001) pounds or more, excepting those transporting placardable quantities of hazardous materials, is used to transport any merchandise, product, commodity, or livestock within the state, within the state to without the state, or from without the state to within the state, the owner or operator of either the motor vehicle or trailer, as defined in chapter 1, title 49, Idaho Code, used to transport such merchandise, product, commodity, or livestock is hereby required to stop at such ports of entry or checking stations established by the Idaho transportation department and submit to inspection, grading or weighing for compliance with the laws of the state of Idaho. Noncommercial vehicles, as defined in section 49-123(2)(k), Idaho Code, shall not be required to stop for inspection pursuant to this section.

- (2) Vehicles or combinations of vehicles with a maximum gross weight of ten thousand (10,000) pounds or more transporting placardable quantities of hazardous materials are required to stop at all ports of entry or checking stations established by the Idaho transportation department.
- (3) It shall be the duty of such owner or operator of every motor vehicle or trailer to drive the motor vehicle or trailer upon any state-owned inspection station, stationary or portable scale, or private scale, certified by the state of Idaho, when requested to do so by any peace officer, excepting fish and game officers, or authorized employees of the Idaho transportation department.
- (4) Authorized employees of the transportation department may stop any vehicle with a maximum gross weight of eighteen thousand (18,000) pounds or more by displaying a flashing red light if the authorized employee has probable cause to believe the vehicle bypassed a weighing or inspection station or proceeded through the station without regard for the directional signals. Authorized employees may direct a vehicle that has bypassed a weighing or inspection station, or has proceeded through the station without regard for the directional signals, to return to the bypassed inspection or weighing station and may issue a citation for failure to stop as required in this section. The operator of a vehicle shall bring the vehicle to a stop, pulling off the traveled portion of the highway, when directed to do so by an authorized employee of the transportation department by use of emergency lights or siren.

(5) The transportation department is authorized to implement technology and procedures, where practicable, to allow vehicles, that meet the established criteria, to lawfully bypass a port of entry. The department may promulgate rules to implement the provisions of this section.

Res. No.

WHEREAS, the Idaho Governor's Office has directed that state agencies submit proposed 2024 legislation to the Division of Financial Management (DFM) for review and approval; and

WHEREAS, Idaho Transportation Department (ITD) staff presented three (3) draft legislative proposals at the July 2023 Board meeting for consideration during the 2024 legislative session; and

WHEREAS, DFM will review the following legislative ideas, also authorizing the development of draft legislation to be submitted for its review and approval:

- 1. Remove requirement to replace license plates every 10 years
- 2. Extend Commercial Drivers License (CDL) credentials to 8 years; Drug and Alcohol Clearinghouse check for CDL licenses; \$5 renewal fee reduction for online renewals
- 3. Authorization for preclearance of commercial vehicles at ports of entry

NOW THEREFORE, BE IT RESOLVED, that the Idaho Transportation Board approves submittal of proposed draft legislation for corresponding DFM/Governor's Office approved legislative ideas, for further consideration.

WHEREAS, Idaho experienced 27,661 reportable traffic crashes, 215 traffic deaths, and 1,336 people seriously injured in 2022; and

WHEREAS, the economic cost of traffic crashes in Idaho for 2022 was more than \$4.7 billion; and

WHEREAS, the Idaho Transportation Department's vision is to have zero traffic deaths; and

WHEREAS, the National Highway Traffic Safety Administration (NHTSA) may allocate nearly \$8 million in funding behavior safety programs for Idaho to help eliminate traffic deaths and serious injuries; and

WHEREAS, the Office of Highway Safety and the Idaho Traffic Safety Commission has developed the Annual Grant Application for Federal Fiscal Year 2024 to work toward the elimination of Idaho traffic deaths, serious injuries, and economic losses; and

WHEREAS, the Annual Grant Application is required by NHTSA in order to receive funding for behavioral traffic safety projects.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board approves the Annual Grant Application for Federal Fiscal Year 2024.

| | | | | | | | | |
| Background Infor | mation | | | | | | | |
| This item is in follow up to previous presentations with an update on this same topic at the Board's request to outline possible inflation impacts on project construction estimates. Our presentation will inform the Board on what national transportation economists are currently advising, a review of ITD project bidding trends in 2020-2023, highlights of major projects and major construction items, and what steps the ITD team is taking to consider these trends in our project estimates and programming for 2023 forward. Overall, the trends are good comparing the number of bidders and bids versus estimates. ITD and AGC of Idaho are monitoring our projects monthly for price indexing or specification changes. Our Program Management Office is working directly with district estimators and project managers to assist in their estimating efforts by reviewing statewide bid details, cost recommendations, funding recommendations, training, best practices, estimating tools, and up-to-date cost data and trends for consideration monthly. We also request teams update each project budget at least annually based on the most current market trends and project scope. Project Budgets are reviewed more frequently when they approach PS&E submittal and during advertisement to adjust as recent unit prices reflecting the market are reviewed. We have held 2% escalation per project budget per year to allow for inflation and we are programming with a reserve for the next few years to account for price fluctuations. Details will be presented of recent State infrastructure projects with bid openings since October 2021 and projects with bid opening dates planned for this summer and fall which are being monitored. | | | | | | | | |

RESOLUTION

WHEREAS, the Central Idaho Wilderness Act of 1980 (1980 Act), as well as the commitments, compromises, and values underlying its enactment, recognized the importance of maintaining the airstrips existing at the time of enactment to provide necessary access for public use and enjoyment, and for administration and management of the fish and wildlife, and other resources within the wilderness; and

WHEREAS, the 1980 Act specifically recognized the importance of airstrips as a means of providing such access, and directed that the federal government "shall not permanently close or render unserviceable any aircraft landing strip in regular use on national forest lands on the date of enactment of this Act for reasons other than extreme danger to aircraft, and in any case not without the express written concurrence of the agency of the State of Idaho charged with evaluating the safety of backcountry airstrips"; and

WHEREAS, the U.S. Forest Service has been sued in federal court by four environmental groups, with said lawsuit being filed in the U.S. District Court for the District of Idaho on June 20, 2023; and

WHEREAS, said lawsuit seeks to preclude the use of four backcountry airstrips along or near Big Creek in the federally-designated Frank Church--River of No Return Wilderness (the specific airstrips are: Simonds, Vine, Mile Hi, and Dewey Moore—collectively known as the "Big Creek Four"); and

WHEREAS; before and after 1980, the Big Creek Four airstrips have been used by private aviators and state agencies; and

WHEREAS; in 2017, the ITD Board adopted Resolution ITB17-29 to reiterate that the Big Creek Four airstrips should not be closed;

WHEREAS; in accordance with Resolution ITB17-29, personnel from the ITD Division of Aeronautics communicated and coordinated with the U.S. Forest Service and the Idaho Department of Fish & Game regarding maintenance and use of the Big Creek Four airstrips; and

WHEREAS; in 2022 personnel from the ITD Division of Aeronautics and the U.S. Forest Service visited the Big Creek Four airstrips to discuss safety and maintenance; and

WHEREAS; by formally asking to intervene in the existing lawsuit against the U.S. Forest Service, the Idaho Transportation Department will be best positioned to assert the State of Idaho and ITD's interests in the use, safety, and maintenance of the Big Creek Four airstrips; and

WHEREAS, the Aeronautics Advisory Board (AAB), a board tasked with consulting with the Idaho aviation community and advising the Idaho Transportation Department as to matters concerning aeronautics, met on July 10, 2023 and asserted the importance of the Big Creek Four

airstrips and their preference that the Idaho Transportation Department seek to intervene in the existing lawsuit.

NOW THERFORE BE IT RESOLVED, that the Idaho Transportation Board continues to withhold concurrence as to the closure of the Big Creek Four airstrips, and expressly finds that such airstrips should remain open to aircraft use; and

BE IT FURTHER RESOLVED, that the Board recommends the Office of Attorney General to pursue formal intervention by the Idaho Transportation Department in the existing lawsuit brought against the U.S. Forest Service in the U.S. Federal District Court for the District of Idaho; and

BE IT FURTHER RESOLVED, that the Board authorizes the Idaho Transportation Department to continue its coordinating efforts with the U.S. Forest Service, the Idaho Department of Fish & Game, other applicable state and federal agencies, and private aviation users so as to ensure the use and maintenance of the Big Creek Four airstrips.

| As per Board Policy 4005, the Director or a delegate may authorize an administrative settlement for up to \$200,000 over the reviewed fair market value of properties appraised up to \$1,000,000. Proposed settlements exceeding \$200,000 shall come before the Board for approval. An administrative settlement is a settlement, authorized by the responsible official, in excess of the approved just compensation. Under appropriate circumstances, an administrative settlement may be made to motivate amicable settlement with an owner and thus avoid recourse to legal proceedings. | | | | | | | | |

Approve:

KN 20788, Project No. A020(788) SH-16, I-84 to US 20/26 & SH-44 IC, Ada & Canyon Counties, Parcels 60, 68, & 117, an administrative settlement exceeding \$200,000.00. Resolution on page 129.

RES. NO. ITB ____

WHEREAS, the Idaho Transportation Department is acquiring right-of-way for the SH-16, I-84 to US 20/26 & SH-44 IC, Ada & Canyon Counties, for Project No. A020(788); and

WHEREAS, the Idaho Transportation Department and the property owner have engaged in good faith negotiations; and

WHEREAS, both parties agree that additional payment is justified in order for the Idaho Transportation Department to fairly compensate the property owner of Parcels 60, 68 and 117.

NOW THEREFORE BE IT RESOLVED, that the Idaho Transportation Board approves an administrative settlement over \$200,000.00.
