November 22, 2024

Mr. Scott Stokes  
Director  
Idaho Transportation Department  
P.O. Box 7129  
Boise, ID 83707-1129

Subject: Certification of Idaho Carbon Reduction Strategy

Dear Director Stokes:

The Federal Highway Administration (FHWA) has completed our review of the Idaho Carbon Reduction Strategy required under Title 23, United States Code (U.S.C.), Section 175. Based on the review, FHWA has determined that the Idaho Carbon Reduction Strategy meets the requirements outlined in 23 U.S.C. 175.

Certification of this strategy does not indicate FHWA approval or authorization of any specific project. Please continue to coordinate with FHWA's Idaho Division Office on the implementation of programs and projects identified within your Carbon Reduction Strategy.

As a reminder, updates to Carbon Reduction Strategies are required no less frequently than every 4 years.<sup>1</sup> The FHWA will continue to provide technical assistance and guidance as States continue implementation.

Sincerely,

Emily Biondi  
Associate Administrator for Planning,  
Environment, and Realty

cc: Idaho Division Office
