

## Design Phase Public Meeting #1

The Idaho Transportation Department (ITD) is designing a new structure to address improvements to the ID-52 Snake River Bridge that spans the Snake River between Payette in Southwestern Idaho (Payette County) and Payette Junction, Oregon (Malheur County).

The public was invited to attend an in-person meeting:

**May 10, 2023, 5p.m. – 7p.m.**

Payette City Hall Council Chambers  
700 Center Ave Payette, ID 83661  
3165 E Iona Rd, Idaho Falls, ID 83401

### Meeting Format

The meeting was held in an open-house format. Meeting information was set up around the room and project team members were available to discuss the project, answer questions and listen to feedback.

### Display Boards

- Welcome and purpose of the meeting
- Project Overview and Background
- Bridge Design Details
- Roadway Design Details
- Construction Phases
- Project Schedule
- Thank You/How to Comment

Copies of the display boards are shown in Appendix A.

An online meeting featuring the same materials was available from May 11 through May 25 at [itdprojects.org/projects/sh52snakeriverbridge](https://itdprojects.org/projects/sh52snakeriverbridge)

### Project Team

Styles Salek - ITD Project Manager  
Dan Jones - HDR Project Manager  
Jennifer Gonzalez - HDR Public Involvement Lead  
John McNeese - HDR Project Engineer  
Vincent Trimboli - ITD D-3 Development Services Manager  
Laura Slater - Oregon Department of Transportation

## Notification

ITD invited the public to attend the meetings in the following ways:

- Two Newspaper Advertisements in the Argus Observer: April 19 and 20
- 496 postcards mailed: April 15
- Facebook post: April 21
- Online Ad: May 11- May 25
- Press Release: May 5, 2023
- Constant Contact Emails on April 21

ITD also sent Constant contact emails on the following days:

- May 11 – online meeting announcement
- May 23 – comment period closing soon announcement

Copies of notification materials are available in Appendix B.

## Public Comments

- One submitted at the public meeting
- One submitted via the online meeting

Copies of sign-in sheets and comment forms are included in Appendix C. Personal information has been redacted from the comment forms.

## What We Heard

“Please, consider, at least on one side of this new bridge, placing some sort of safety barrier between traffic lanes and shoulders to allow safe passage of pedestrians. Thanks for your consideration.”

“Taking two years to replace and closing to one lane would be the preference I recommend.”

# Welcome

## SH-52 Snake River Bridge Replacement Public Meeting

Thank you for your interest in the SH-52 Snake River Bridge Replacement. The purpose of this public meeting is to gather your feedback on design plans.

### Project Overview & Background

The Idaho Transportation Department (ITD) is designing a new State Highway 52 (SH-52) Bridge in Payette over the Snake River, which connects Idaho and Oregon.

Built in 1953, the bridge no longer meets current highway bridge standards for motorists, including freight haulers who transport produce across the region.

The bridge barriers, width, and surface will be improved in coordination with the Oregon Department of Transportation (ODOT).

# Appendix A – Display Boards

## Construction Phasing

ITD and ODOT heard from emergency responders and haulers that a full closure would greatly impact response time and access.

Bridge construction will be phased, meaning a new bridge will be constructed one half at a time.

Construction will take approximately two years.

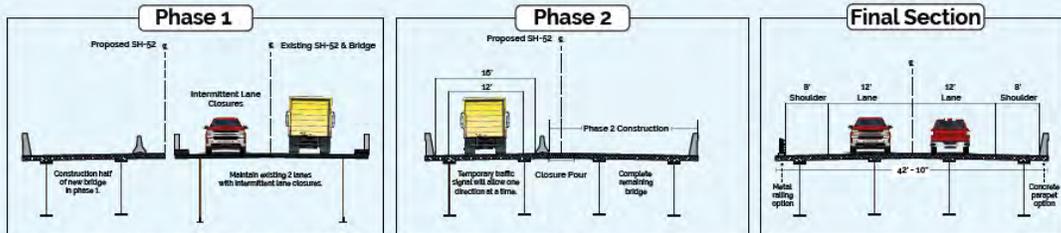

SH-52 Snake River Bridge Meeting

## Bridge Design Details

### SH-52 Snake River Bridge

Phase 1 & 2 construction duration: Up to 1 year\* for each phase.  
*\*Durations subject to change based on contractor's means and methods.*

The new bridge will include:

- Two 12-foot lanes
- Two 8-foot shoulders
- New deck and guardrail

SH-52 Snake River Bridge Meeting

# Appendix A – Display Boards

## Roadway Design Details

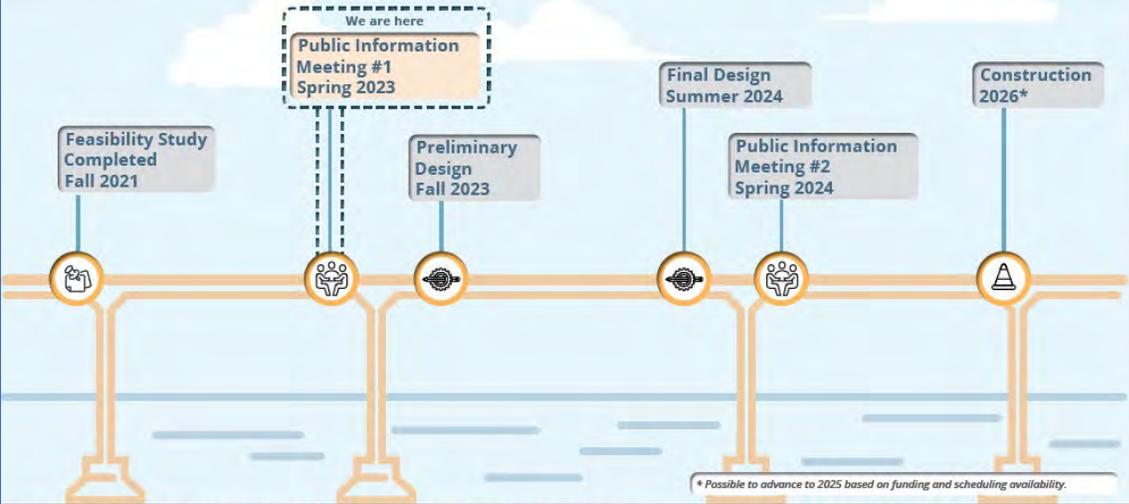

The diagram shows two cross-sections of the roadway. The left section shows a top-down view with an 8-foot shoulder on the left, a 12-foot westbound (WB) lane with a red car, a 12-foot eastbound (EB) lane with a red car, and an 8-foot shoulder on the right. Arrows indicate traffic flow. The right section shows a side view of the bridge deck with the same lane and shoulder dimensions.

The reconstructed roadway will include:

- Two 12-foot lanes
- Two 8-foot shoulders

SH-52 SNAKE RIVER BRIDGE SH-52 Snake River Bridge Meeting

## Project Schedule

The timeline shows the project's progress from Fall 2021 to 2026. Key milestones include:

- Feasibility Study Completed: Fall 2021
- Public Information Meeting #1: Spring 2023 (Current status: "We are here")
- Preliminary Design: Fall 2023
- Final Design: Summer 2024
- Public Information Meeting #2: Spring 2024
- Construction: 2026\*

\* Possible to advance to 2025 based on funding and scheduling availability.

SH-52 SNAKE RIVER BRIDGE SH-52 Snake River Bridge Meeting

# Thank you!

Thank you for attending tonight's meeting. Your feedback is important, and you are encouraged to stay in touch with the project team.

Comments are welcome until May 25, 2023.

## SH-52 Snake River Bridge Replacement Public Meeting

Wednesday, May 10, 2023

### Meeting Details

Wednesday, May 10, 2023  
5 p.m. - 7 p.m.  
Payette City Hall Council  
Chambers  
700 Center Ave  
Payette, ID 83661

The meeting will be held in an open house format. If you can't attend in person, participate in the online meeting beginning May 11 at the link provided below.

### Join Us!

Please join the Idaho Transportation Department (ITD) to learn more about preliminary design plans for the SH-52 Snake River Bridge Replacement in Payette.

ITD is designing a new structure over the Snake River, which connects Idaho and Oregon.

The bridge no longer meets current highway bridge standards for motorists, including freight haulers who transport produce across the region.

As a federally funded project, the Idaho Transportation Department will monitor attendance to ensure equal opportunity. We appreciate your providing this information. This information will only be used to monitor attendance at public meetings and for affirmative action purposes, as specified by law (CFR 42.21.9).

# Appendix C – Sign-in Sheets & Comments

Public Meeting  
May 10, 2023  
Payette City Hall  
700 Center Ave Payette, ID  
5 p.m. – 7 p.m.

Thank you for attending tonight's public meeting. Your comments are important to us.  
Please print or write as clearly as possible. Thank you.

Name: Don Grundhauser  
Address: [Redacted]  
Email: [Redacted]  
Phone: [Redacted]

LEAVE COMMENTS, MAIL OR EMAIL BY MAY 25, 2023 TO:

HDR, C/O Jennifer Gonzalez  
412 E Parkcenter Blvd., Suite 100  
Boise, ID 83706  
jennifer.gonzalez@hdrinc.com

Please share any suggestions/comments you have about the project.

Idaho has a reliable history of omission when it comes  
to roadways, especially bridges and other constricted  
traffic infrastructure, regarding safe passage of  
pedestrian traffic of all forms. I see even in 2023  
the pedestrian consideration continues to miss new  
design work.  
Please, consider, at least on one side of this new  
bridge, placing some sort of safety barrier between  
traffic lanes and shoulders to allow safe passage  
of pedestrians.  
Thanks for your consideration.  
Don

**SH-52 Snake River Bridge Replacement Comment Form**

Comments or suggestions:	We live near the bridge and utilize it weekly. It is in need of replacement (we greatly appreciate Payette fixing the bridge last year - thank you!) and recognize that it will be a long process and inconvenient for everyone. Taking two years to replace and closing to one lane would be the preference I recommend.

**SH-52 Snake River Bridge Replacement Comment Form**

Comments or suggestions:	The speed limit needs to be lowered farther away from the bridge on the Oregon side. Traffic isn't slowed down to 35mph for at least 2 blocks down 6th St.

## SH-52 Snake River Bridge Replacement

May 11–25, 2023

Thank you for your interest in the SH-52 Snake River Bridge Replacement. The purpose of this online meeting is to gather your feedback and input on design plans.

### Project Overview and Background

The Idaho Transportation Department (ITD) is designing a new State Highway 52 (SH-52) Bridge in Payette over the Snake River, which connects Idaho and Oregon.

Built in 1953, the bridge no longer meets current highway bridge standards for motorists, including freight haulers who transport produce across the region.

The bridge barriers, width, and surface will be improved in coordination with the Oregon Department of Transportation (ODOT).

# Appendix E – Online Meeting

## Construction Phasing

ITD and ODOT heard from emergency responders and haulers that a full closure would greatly impact response time and access.

Bridge construction will be phased, meaning a new bridge will be constructed one half at a time.

Construction will take approximately two years.

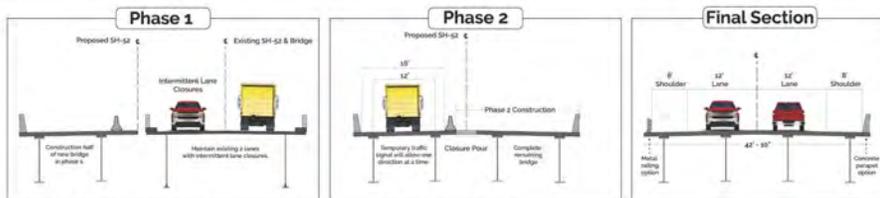

## Bridge and Roadway Design Details

### Bridge

The new bridge will include:

- Two 12-foot lanes
- Two 8-foot shoulders
- New deck and guardrail

Phase 1 & 2 construction duration: Up to 1 year\* for each phase.  
\*Durations subject to change based on contractor's means and methods.

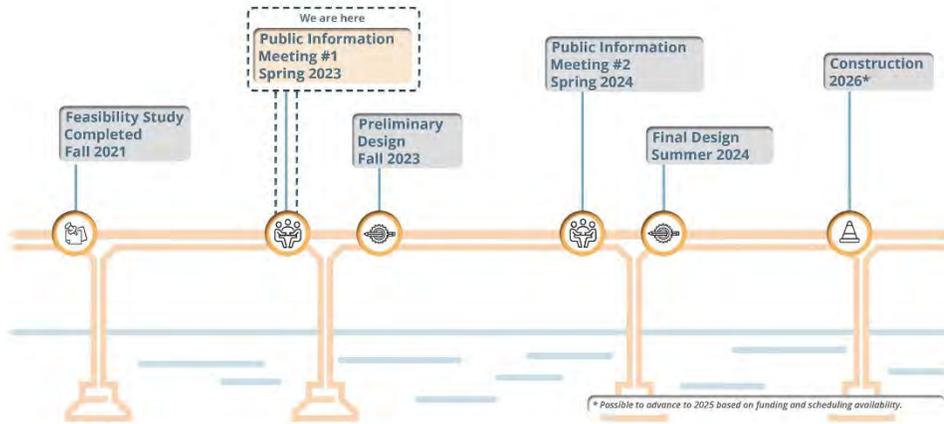

### Roadway

The reconstructed roadway will include:

- Two 12-foot lanes
- Two 8-foot shoulders
