

**PROCESS** Non Resident Off Highway Stickers

**10-28-2019-Release Note**

Legislation passed this spring making it mandatory for non-resident owners of off highway vehicles to obtain an IDPR registration (off highway sticker) prior to operation in Idaho **as of January 1, 2020.**

Idaho Parks and Recreation will be sending the new off highway stickers soon and programming will be in place on **October 30th** to allow you to sell the non- resident off highway stickers to your customers for 2020. The new non-resident off highway stickers will have a leading "T" and then numbers. You will still use the "M" stickers provided by IDPR for resident off highway customers.

The new Reg Type/Sub Type combination will be OH/NRC (Non resident certificate). Please be sure to enter the correct leading character depending upon the residency status of the customer.
