Change in Retention for Original Star Card

07-19-2019

Moving forward, confiscating an expired or replaced Star Card is **not required**. Title 6 Code of Regulations (CFR) section 37.29 ensures that a Real ID card holder only has one valid Real ID. The AAMVA interface with other states eliminates the ability for a customer to have multiple valid credentials simultaneously. If a customer has a credential from another state, and Idaho issues a new credential, Idaho becomes the 'pointer' state, and the previous out of state credential is no longer valid.
