

ITD is reevaluating an environmental assessment of State Highway 16 (SH-16) between SH-44 in Ada County and SH-52 in Gem County.

The study will gather updated information about traffic volumes, impacts to environmental resources and potential connectivity solutions between Ada and Gem counties.

There will be several opportunities for the public to provide input on the project.

Scan the QR code to sign up for email updates about the project.

The Idaho Transportation Department (ITD) is completing an environmental reevaluation of SH-16 between SH-44 and SH-52.

ITD will work with community members, key stakeholders and local agencies throughout the reevaluation process to identify ideas, issues and concerns, and gather input on the project.

See reverse for details.
