

State Highway 16

Bi-Weekly Newsletter

SH-16, I-84 to SH-44 | Progress Tracker

The new SH-16 corridor is expected to open in mid-2027.

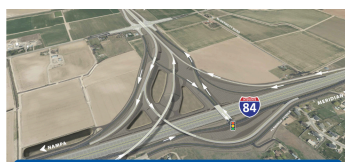

50% complete:

Thank you to everyone who participated in our SH-16 Survey. Based on feedback we received, we will be sending a **new bi-weekly newsletter** to share progress and current work happening along the corridor, all in one place!

To hear about feedback and FAQs we received from the survey, please watch the video below:

Read below to learn about progress along the corridor!

I-84 System Interchange

Click the photo to learn more!

I-84 System Interchange

► **Current work:** Continue work on ramps and prepare for two new ramps to cross over I-84.

Completed work: Built bridge foundations and piers for flyover ramps. Set girders for three of the four future ramps.

Upcoming work: Final girder placements, full eastbound I-84 closures starting March 10. Click [here](#) to learn more.

Franklin Interchange

Franklin Interchange

► **Current work:** Constructing top deck of interchange bridge.

Completed work: Widened Franklin Rd immediately around the interchange and set girders for the interchange bridge.

SH-44 Interchange (State St)

► **Current work:** Constructing ramps and widening SH-44.
Completed work: Widened SH-44 to the south. Built new northbound off-ramp and installed a new 500 foot culvert across SH-16.

Upcoming work: Traffic shifts starting March 9. Click [here](#) for more information.

**Estimated completion dates and schedules are subject to change.*

Today's FAQ:

Is ITD planning to widen SH-16 farther north?

Yes, ITD recently reevaluated plans to widen and improve SH-16 between SH-44 and SH-52 in Emmett. Proposed plans include widening SH-16 to four lanes and limiting direct access to SH-16 to improve safety and traffic flow. Design work between SH-44 and Beacon Light Road is underway now. The rest of the corridor will be designed and constructed in sections over time as funding becomes available. For more information [click here](#).
