B. STANDARDS OF PERFORMANCE

Except as otherwise specifically provided for in the Consultant’s Scope of Work, the Consultant agrees that all work performed under the Agreement will be performed in accordance with Idaho Transportation Department Standards and other appropriate standards with generally acceptable standard of care. When the work is of a nature that requires checking, the checking shall be performed by a qualified person other than the one who performed the work.

C. AGREEMENT ADMINISTRATOR

The Agreement Administrator will administer the Agreement for performance and payment, and will decide all questions which may arise as to quality and acceptability of the work, rate of progress, definition of work to be performed, completion of milestones, and acceptable fulfillment of the Agreement. The Consultant shall address all correspondence, make all requests, and deliver all documents to the Administrator. The Administrator shall be responsible for the timely coordination of all reviews performed by the State or their representatives.

D. PERSONNEL

The Consultant shall provide adequate staff of experienced personnel or Subconsultants capable of and devoted to the successful accomplishment of work to be performed under the Agreement. The specific individuals or Subconsultants listed in this Agreement, including Project Manager, shall be subject to approval by the State and shall not be removed or replaced without the prior written approval of ITD. Replacement personnel submitted for approval must have qualifications, experience and expertise at least equal to those listed in the proposal.

E. SUBCONSULTANTS

The Consultant shall have sole responsibility for the management, direction, and control of each Subconsultant and shall be responsible and liable to the State for the satisfactory performance and quality of work performed by Subconsultants under the terms and conditions of this Agreement. The Consultant shall include all the applicable terms and conditions of this Agreement in each Subconsultant Agreement between the Consultant and Subconsultant, and provide the State with a copy of each Subconsultant Agreement prior to the Subconsultant beginning work. No other Subconsultant shall be used by the Consultant without prior written consent by the State.

F. PROFESSIONAL SERVICES AUTHORIZATION

1. A written PROFESSIONAL SERVICES AUTHORIZATION (PSA) will be issued by the State to authorize the Consultant to proceed with a specific portion of the work under this Agreement. The number of PSAs required to accomplish all the work under this Agreement is one to several. Each PSA will authorize a maximum dollar amount and specify the milestone(s) for which the PSA represents. The State assumes no obligation of any kind for expenses incurred by the Consultant prior to the issuance of the PSA; for any expenses incurred by the Consultant for services performed outside the work authorized by the PSA; and for any dollar amount greater than authorized by the PSA.
2. The Consultant's work of this Agreement will be divided into milestones, each governed by a separate PSA. It is not necessary for a PSA to be completed prior to the issuance of the next PSA. The Consultant shall not perform work which has not been authorized by a PSA. When the money authorized by a PSA is nearly exhausted, the Consultant shall inform the Administrator and shall identify the need for additional authorization via issuance of the next PSA. The Administrator must concur with the Consultant prior to the issuance of the next PSA.
3. The Agreement is lump sum, unit cost, or cost plus fixed fee amount as indicated in this Agreement and may include an Additional Services amount for possible extra work not contemplated in the original scope of work. For the Consultant to receive payment for any work under the Additional Services Amount of this Agreement, said work must be authorized and performed under a PSA issued by the State specifically for the extra work. Should the State request that the Consultant perform additional services, the scope of work and method of payment will be negotiated. The basis of payment for additional work will be set up either as a Lump Sum or Cost Plus Fixed Fee.

G. PROJECT SCHEDULING

All negotiated agreements shall be accompanied by a critical path method schedule (CPM Schedule). The CPM Schedule will list the work tasks for the Agreement, their duration, negotiated milestones and their completion dates, including State/Local review periods. The format of this schedule shall be agreed on prior to signing the Agreement.

Along with the monthly progress report, the Consultant shall provide monthly CPM Schedule updates to the Agreement Administrator for approval. The CPM schedule shall show the project percent completed on each task.

H. MONTHLY PROGRESS REPORT

The Consultant shall submit to the State a monthly progress report on Form ITD-771, as furnished by the State. When no work will be performed for a period of time, this requirement can be waived by written notice from the Agreement Administrator. However, at such time as work re-commences, the monthly progress reports shall resume.

The Consultant shall provide monthly progress schedule (CPM) updates to the Agreement Administrator.

The monthly progress report and schedule update will be submitted by the tenth of each month following the month being reported or as otherwise agreed to in the approved scope of work.

The Agreement Administrator will review the progress report and submit approved invoices for payment within two weeks of receiving the invoice, the associated monthly report and the schedule update.

Each progress report shall list invoices by PSA number and reference milestones.

I. PROGRESS AND FINAL PAYMENTS

1. Progress payments will be made once a month for services performed which qualify for payment under the terms and conditions of the Agreement. Such payment will be made based on invoices submitted by the Consultant in the format required by the State. The monthly invoice shall be submitted no later than the tenth of each month following the month being invoiced.

Lump Sum

Progress payments will be made based on a percentage of the work or milestones satisfactorily completed.

Cost Plus Fixed Fee

The Consultant shall submit a breakdown of costs by each item of work on the monthly invoice, and shall show the percent complete of each item of work, each milestone and percent complete of the entire Agreement. Progress payments will be made based on the invoice cost less the fixed fee for the work satisfactorily completed for each invoicing period. Said payment shall not exceed the percent complete of the entire Agreement. Upon satisfactory completion of each milestone, full payment for all approved work performed for that milestone will be made, including Fixed Fee.

Cost

The Consultant shall submit a breakdown of costs by each item of work on the monthly invoice, and shall show the percent complete of each item of work and percent complete of the entire Agreement. Progress payments will be made based on the invoiced cost for the work satisfactorily completed for each item of work. Said payment shall not exceed the percent complete of the entire Agreement.

Direct expenses will be reimbursed at actual cost, not to exceed the current approved rates as identified at <http://itd.idaho.gov/business/?target=consultant-agreements> .

For “Cost Plus Fixed Fee” and “Cost” agreements, invoices must include backup documentation to support expenditures as appropriate, and as requested by the Agreement Administrator. Such support may consist of copies of time sheets or cost accounting system print-out of employee time, and receipts for direct expenses.

2. The State will make full payment for the value of the services performed which qualify for payment. This full payment will apply until 95 percent of the work under each Project Agreement PSA or Supplemental Agreement has been completed. No further progress payments will be made until all work under the Agreement has been satisfactorily accomplished and accepted by the State. If at any time, the State determines that the work is not progressing in a satisfactory manner, further payments may be suspended or withheld for sums that are deemed appropriate for unsatisfactory services.
3. Final payment of all amounts retained shall be due 60 days after all work under the Agreement has been completed by the Consultant and accepted by the State. Such final payment will not be made until satisfactory evidence by affidavit is submitted to the State that all indebtedness incurred by the Consultant on this project has been fully satisfied.
4. Agreements which include an incentive/disincentive clause will normally have the clause applied only to the completion of the BID OPENING milestone. If the project is deemed by the State to be ready for advertisement, but advertisement is postponed at no fault of the Consultant, any incentive earned will be paid.
5. Payments to Subconsultants

The Consultant shall pay each Subconsultant for satisfactory performance of its contract items no later than twenty (20) calendar days from receipt of each payment the Consultant receives from the State under this Agreement, in accordance with 49 CFR, Part 26. The Consultant shall return retainage payments to each Subconsultant within twenty (20) calendar days after the Subconsultant’s work is satisfactorily completed. The Consultant will verify that payment or

retainage has been released to the subconsultant or suppliers within the specified time for each partial payment or partial acceptance by the Department through entries in the Department's online diversity tracking system during the corresponding monthly audits.

Prompt payment will be monitored and enforced through the Consultant's reporting of monthly payments to its subconsultants and suppliers in the online diversity tracking system. Subconsultants, including lower tier subconsultants, suppliers, or both, will confirm the timeliness and the payment amounts received utilizing the online diversity tracking system. Discrepancies will be investigated by the Contract Compliance Officer and the Contract Administrator. Payments to the subconsultants, including lower tier subconsultants, and including retainage release after the subconsultant or lower tier subconsultant's work has been accepted, will be reported monthly by the Consultant or the subconsultant.

The Consultant will ensure its subconsultants, including lower tier subconsultants, and suppliers meet these requirements.

An increase in compensation will be considered when Department Design Standards or expectations have changed from the time of negotiation.

Adjustment in compensation for either an increase or reduction in work shall be on a negotiated basis arrived at by mutual agreement between the State and the Consultant. During such negotiations the State may examine the documented payrolls, transportation and subsistence costs paid employees actively engaged in the performance of a similar item or items of work on the project, and by estimated overhead and profit from such similar items or items of work.

Said mutual agreement for a negotiated increase or reduction in compensation shall be determined prior to commencement of operations for an increase in a specific item or items of work. In the case of State order for nonperformance, a reduction in the specific item or items of work will be made as soon as circumstances permit. In the event that a mutual agreement is not reached in negotiations for an increase in work, the State will use other methods to perform such item or items of work.

The Consultant shall respond to the State's notice of any error or omission within twenty-four hours of receipt, and give immediate attention to any corrections to minimize any delay to the construction contract. This may include, if directed by the State, visits to the site of the work.

If geotechnical and materials work is required under this Agreement, the Consultant must ensure that any Subconsultant performing geotechnical and materials work be involved in the final design review.
