

IRREGULARITIES ON CONTRACT BIDS

Purpose

This policy authorizes the Director to implement a method of processing irregularities in competitive bidding.

Legal Authority

Idaho Code 40-902(3) - The Department has the right to reject any and all bids.

23 Code of Federal Regulations, Part 635 - Construction and Maintenance of Highways;
Contract Procedures.

General

State and federal laws require that the Idaho Transportation Department ensure a fair and impartial consideration of all contract bids. Any irregularity in a sealed competitive bid which grants the bidder a competitive advantage over other bidders or results in an indefinite offer to contract shall be declared irregular and be rejected by the Department.

The Director or a delegate shall implement a method of processing irregularities in competitive bidding on Idaho Transportation Department Public Works Contracts. The method shall provide guidance as to which irregularities in sealed competitive bids may be waived and which irregularities will cause the bid to be rejected as non-responsive.
